No. 17-8745

TREVOR WILLIAMS, PETITIONER

v.

UNITED STATES OF AMERICA

ON PETITION FOR A WRIT OF CERTIORARI TO THE UNITED STATES COURT OF APPEALS FOR THE SECOND CIRCUIT

MEMORANDUM FOR THE UNITED STATES

Petitioner contends (Pet. 12-16) that his prior convictions for third-degree robbery and attempted second-degree robbery, in violation of New York law, were not convictions for "violent felon[ies]" under the elements clause of the Armed Career Criminal Act of 1984 (ACCA), 18 U.S.C. 924(e)(2)(B)(i). Petitioner argues (Pet. 13-14, 17-18) that New York robbery may be committed by using force sufficient to overcome resistance and that it therefore does not "ha[ve] as an element the use, attempted use, or threatened use of physical force against the person of another." 18 U.S.C. 924(e)(2)(B)(i). The question petitioner presents is related to the issue currently before this Court in Stokeling v. United <u>States</u>, cert. granted, No. 17-5554 (Apr. 2, 2018), which will address whether a defendant's prior conviction for robbery under Florida law satisfies the ACCA's elements clause. Because the proper disposition of the petition for a writ of certiorari may be affected by this Court's resolution of <u>Stokeling</u>, the petition should be held pending the decision in <u>Stokeling</u> and then disposed of as appropriate in light of that decision.*

Respectfully submitted.
