Questions for Review

1. This court, the Supreme Court of the United States, granted enemy combatants the right to be heard, therefore, shouldn't we, American-born citizens of the USA, with the husband of Frances, and the father of Lawrence and Laurie, as well as the grandfather of Lawrence and Laurie, having been honest, decent, patriotic American men who sacrificed for this country, the United States of America, and served honorably in the United States military, be justly granted full and fair opportunities to be heard?
2. Shall this Court allow any judge to abuse his or her power and illegally violate the Constitution of the United States and unconstitutionally deprive us of our right to be heard?
3. Shall this Court allow judges to willfully, intentionally, and maliciously make false statements, refuse to disqualify themselves when served with timely, legally-sufficient motions to disqualify, and illegally not remove a judge when by law they are required to do so?
4. Shall this Court allow judges to illegally refuse to disclose exparte communications, interactions, and monetary transactions?
5. Shall this court allow judges, lawyers, and defendants to obstruct justice?

PETITION

This is a case about the loving, compassionate, honest, decent husband and father, Christian minister to the poor, homeless, and brokenhearted, William A. Konieczko, and how coldhearted, uncompassionate, malicious, extremely evil people unconscionably betrayed the trust of and very deeply wounded our family by intentionally and maliciously failing to conduct themselves in an ethical manner and according to the law, and by egregious, evil, malicious disregard for the life of the beloved William A. Konieczko and for the rights of others.

Our civil rights and constitutional rights have been violated and we have been wrongfully denied our rights, especially our right to be heard.

Shockingly, our rights have been very egregiously and unconscionably violated as wrongful, unfair orders have been issued, especially orders striking very important motions, depriving us of our rights, especially our rights to be heard, and we look to this court, the Supreme Court of the United States, to protect our civil rights and constitutional rights, and to overturn these orders.

Wrongfully striking our documents, denying access to the courts, and depriving us of our right to be heard, are in direct conflict with other court decisions, notably two United States Supreme Court Cases, *Hamdi v. Rumsfeld* (2004) and *Rasul v. Bush* (2004). In *Hamdi v. Rumsfeld*, the United States Supreme Court held that terrorists classified by the United States government as “enemy combatants” should have, as the Court stated, “a fair opportunity” to be heard “before a neutral decision-maker.” In *Rasul v. Bush*, the United States Supreme Court gave captured alien enemy combatants access to American courts, even, as Justice Antonin Scalia stated, “...an alien captured in a foreign theater of active combat...”

It is unfair that terrorists have been granted rights that we have been wrongfully deprived of. Egregious violations of our rights, including, but not limited to, our civil rights, our constitutional rights, and other rights, especially our right to be heard, have been committed by judges who have abused their power and gone against the Constitution of the United States and the Rule of Law as they have expressly construed provisions of the state and / or federal constitution(s) as provisions that they could ignore, deprive us of, and not uphold, even in violation of their oaths.

WE FILED THIS CASE IN GOOD FAITH,
THIS CASE HAS MERIT, AND THERE MUST
BE JUSTICE.

PURSUANT TO ALL APPLICABLE LAWS,
STATUTES, CASE DECISIONS, AND OTHER
AUTHORITIES, INCLUDING, BUT NOT
LIMITED TO, THE FIRST AMENDMENT OF
THE CONSTITUTION OF THE UNITED
STATES OF AMERICA, THE FIFTH
AMENDMENT OF THE CONSTITUTION OF
THE UNITED STATES OF AMERICA, THE
FOURTEENTH AMENDMENT OF THE
CONSTITUTION OF THE UNITED STATES OF
AMERICA, AND TITLE 42 OF THE UNITED
STATES CODE, SECTION 1983, OUR RIGHTS
MUST BE PROTECTED.

For the reasons stated above, we,
Plaintiffs/Petitioners, seek for this Court to
protect our civil rights and constitutional rights,
grant justice, and overturn all of these illegal,
unconstitutional rulings. Pursuant to the First
Amendment of the Constitution of the United
States, it is of very great importance for this Court
to grant this writ, because this Court is the court
of last resort to redress these extremely important
grievances about how our civil rights and
constitutional rights have been shockingly,
egregiously, and unconscionably violated.

Willam Konieczko and his father served honorably in the United States military with hope that their family lived in a country with liberty and justice for all. It is shocking and appalling that there has not been justice in the courts to which we have brought our cases. This is the United States of America, not a communist country. What has happened to us in these courts should never happen in the United States of America. In the United States of America, judges should not be allowed to get away with the wrongful things that they have done. I know that every good, moral, ethical judge would know that it is their duty to grant us justice.

The Declaration of Independence, the founding document of this nation, and the forerunner to the Constitution of the United States, speaks of the importance of justice and acknowledges "the Supreme Judge of the world."

The Jewish prophet, Zechariah, as recorded in the book of Zechariah, said, "This is what the Lord Almighty says: Administer true justice..." (Zechariah 7:9), and also, "This is what the Lord Almighty says...render true and sound judgment in your courts..." (Zechariah 8:14,16).

Jesus Christ, at His own trial, as recorded in the Gospel of one of His disciples, John, said, "...I came...to testify to the truth. Everyone on the side of truth listens to me." (John 18:37).

It is of great importance that our civil rights and constitutional rights be protected and upheld so that we can speak out the truth for the honor of Jesus Christ and for the honor of William Konieczko, who we will forever love with all our hearts.

THERE MUST BE JUSTICE.
