## **QUESTION PRESENTED**

The primary federal question that I ask is:

Since the inception of the United States Supreme Court led by Chief Justice John Jay, there has never been a Writ of Certiorari where the respondent fails to appoint counsel and the defendant's peaceful legal proceedings goes uncontested, unanswered and unchallenged by ignoring the seven prior attempts to contact their worldwide embassies and their extradition office, isn't this an admission of Switzerland's guilt in the heinous and despicable international act of a chemical weapon attack on a citizen of the USA (18 U.S.C. § 229 Section C3), where there are no previous cases and shouldn't the United States Supreme Court punish this unacceptable act of international terrorism by enforcing the paltry lien of US\$440 million (tax-free) for the plaintiff-victim and US\$330 million for American Federal Taxes on Swiss Assets here in the United States?

## **PARTIES TO THE PROCEEDING**

Petitioner Brian Mark Burmaster and the defendant, the sovereign nation of Switzerland are the only parties to this proceeding.

**PETITION FOR A WRIT OF CERTIORARI**

Brian Mark Burmaster respectfully petitions for a Writ of Certiorari before the Supreme Court of the United States to grant this Writ of Certiorari and Lien against Swiss assets in the United States so that the Federal Courts are on legal record of condemning this heinous and despicable international act of terrorism by Switzerland of a chemical weapon attack on an US Citizen (18 U.S.C. § 229 C3)

---

**OPINIONS BELOW**

The opinion of the Court of Appeals in the Third Circuit is not reported but is given in the Appendix in its entirety. Similarly, the opinions for the lower U.S. Federal Court in the Western District of Pennsylvania is not reported but is given in the Appendix in its entirety. The opinion of the US Federal District Court in Washington DC is also given.

---

**JURISDICTION**

The Court of Appeals entered its judgement on January 29, 2019, App. infra at 1. This petition is filed within 90 days of that date. The court's jurisdiction is invoked under 28 U.S.C. § 1254(1).

## STATUTORY PROVISION

There is very little case law on US Federal Law 18 U.S.C. § 229 C3 where an American citizen has been subjected to a chemical weapons attack, by foreign authorities since it is truly such a heinous and despicable international act of terrorism. However, the facts of this worldwide catastrophe are not in dispute. The plaintiff was ordered to see a psychiatrist employed by Switzerland (a.k.a. "Swiss Miss Quack") upon my illegal arrest at the American Embassy in Bern on September 3, 2015 for an international "threatening communication." At the Bern prison, I inform Miss Swiss Quack that under my legal system, I throw her in jail (see App. 30 of my denied Writ of Certiorari #9-1370 where I precisely state "This motion throws all these chemical fraud conspirators in Federal Bureau of Prison maximum security . . ."). At this historical moment in time, Swiss Miss Quack orders a chemical assault on an American citizen living overseas. Because Swiss Miss Quack did not like my objective and logical chemical engineering system of minimizing unwanted chemicals directed at human beings, I was in a chemical coma for a couple of days.

The Swiss government has never denied these undisputable facts of an unwanted chemical weapons assault, a despicable and heinous international act of terrorism on an American citizen in total defiance of US Federal Law 18 U.S.C. § 229 C3.

## STATEMENT OF THE CASE

I have repeatedly contacted the Swiss Government. This Writ of Certiorari to the United States highest court contains the official effort by the plaintiff to seek both international justice and world peace. My seven attempts to contact Switzerland are documented here:

- 1) Mr. Roland Hugo – Extradition Officer at his Swiss Government address in Bern, Switzerland via Fed Ex (780875792268) delivered on May 14, 2018.
- 2) Mr. David Vogelsanger – Swiss Ambassador to New Zealand in Wellington via New Zealand Post (LF559596944NZ) delivered on June 18, 2018.
- 3) Ms. Fabrice Filliez – Swiss Ambassador to Singapore via Sing Post (RC268180819SG) delivered on July 2, 2018.
- 4) Ms. Maya Tissafi – Swiss Ambassador to United Arab Emirates (UAE) in Abu Dhabi via Emirati Post (RR180218735AE) delivered on July 9, 2018.
- 5) Mr. Martin Dahinden – Swiss Ambassador to the United States of America in Washington DC via Fed Ex (78179520 730) delivered on July 13, 2018.
- 6) Ms. Monika Kirgoz – Swiss Ambassador to Lebanon in Beirut (RR190863150LB) via Li-ban Post delivered on July 16, 2018.

7) Mr. Eric Mayoraz – Swiss Ambassador to Mexico in Mexico City via DHL (4551080026) delivered on January 16, 2019

Thus, the plaintiff has repeatedly contacted the Swiss Government and they have failed to respond and defend their despicable and heinous international act of terrorism, chemical assault on an American citizen in total defiance of US Federal Law 18 U.S.C. § 229 C3.

However, in spite of all these documented deliveries, US Federal Judge Amy Berman Jackson of the Federal Circuit of Washington DC makes the outrageous statement “Because plaintiff has not served defendant, the Court will dismiss the case without prejudice . . .

## **REASONS FOR GRANTING THE PETITION**

### **A. INTERNATIONAL JUSTICE**

The global community was uniform in their condemnation of the chemical weapon assaults used by “Chemical Ali”, who was a henchman for Iraq’s dictator, Saddam Hussein. Likewise, our nation’s highest court must condemn the actions of Swiss Miss Quack. As proof-positive, the United States Supreme Court must order that the Lien (Part B) against Swiss Assets here in the United States of America be immediately enforced and those assets seized.

## **B. LIEN AGAINST SWISS ASSETS IN USA**

Words are cheap. This is especially true in Washington DC, where former Attorney General Loretta Lynch guaranteed the plaintiff a trial by jury in a signed and sworn legal document. Seizing Swiss assets (such as UBS and Credit Suisse) in the amount of US\$440 million to the plaintiff and US\$330 to the IRS (Total of US\$770 million) sends a resounding international message that chemical assaults, which are heinous and despicable international act of terrorism will never be tolerated by the United States Supreme Court. This Lien will be transmitted to the US Federal Courthouse in Erie, PA (Western District of Pennsylvania) where the original civil litigation was filed. For the record, I plan to use this real money to acquire an American engineering division in order to pursue peaceful and constructive usage of chemistry and engineering.

## **CONCLUSION**

This heinous and despicable international act of terrorism – a chemical Weapons Attack which was committed against a citizen of the US while that citizen was outside the United States can be turned into a positive event by providing the necessary funds for my company Burmaster International Group to proceed with patent pending chemistry, to clean air streams, purify water and reduce gaseous pollutants,

among other high ideals, which are the core attributes  
of my internationally chartered business.

BRIAN BURMASTER
