Re: No. 18-540, *Rutledge v. Pharmaceutical Care Management Association*

Dear Mr. Harris:

I write on behalf of the Pharmaceutical Care Management Association (“PCMA”), respondent in the above-captioned matter. PCMA requests an additional extension of time under Rule 30.4 of the rules of this Court to file a response to the petition for certiorari. PCMA’s response is currently due on January 24, 2019. The Petitioner assents to this request and joins PCMA in requesting that the extension run up to and include February 28, 2019.

The requested extension is necessary to accommodate the schedules of counsel of record for both PCMA and Petitioner. Accordingly, PCMA requests an extension up to and including February 28, 2019.

Thank you for considering this request.

Sincerely,

/s/ M. Miller Baker
