QUESTION(S) PRESENTED

1. State went out of their way not to have their primary witness, Iwan Terenin, take the stand at two trials. He reported the situation to police and his vile testimony to the grand jury went so far beyond hearsay that he had to have conspired with the prosecutor. I was denied the right of cross-examination as to credibility under the 6th amendment and due process of the 14th amendment. Appendix G pg. 67-97

2. Was not allowed to demonstrate to jury my state of mind due to intoxication in regards to the "Force Of Law" syndrome when I allowed them into my residence without a warrant. Evidence shows an under the influence alcoholic through examples of signature. This was a violation of due process of the 6th and 14 amendments.

Appendix H pg. 98-109

3. While I was under what I considered a seizure of my person upstairs, the police went to far in looking around my home when they cut open a sealed, black plastic trash bag inside a garbage can in the basement without a warrant. This was a violation of search and seizure standards of the 4th amendment and due process of the 14th amendment.

CONSTITUTIONAL AND STATUTORY PROVISIONS INVOLVED

4th Amendment

6th Amendment

14th Amendment

R. 2:11-3(e)(2)

STATEMENT OF THE CASE

Simply put the court(s) would not entertain any of my complaints. Even my briefs to the appellate courts were deemed as "not having any merit."

Whatever was not in their best interest was covered up.

I had an additional 5 charges which were dropped post haste when it was apparent that they were made up just so I would cop a plea. These were due to Iwan's grand jury testimony.

Being a well known alcoholic who had lost everything, the testimonies in court that I was sober at my arrest are ridiculous. The most traumatic time in my life and I let the police in. That comes under not thinking clearly at all and yet "they" are correct and I was making it up.

If I were really ^{to} put down what went down in the past 20 years it would seem like a rant so I just put down the 3 questions that were most prevalent to me..... could go on about DNA not being used (it was mostly mine) or having witnesses change their previous statements years after the fact for the prosecutor.

REASONS FOR GRANTING THE PETITION

This was the next step for me on this journey. Being disillusioned by the whole system as it stands in New Jersey all I can say is, why not?

I put the questions out there as I understand them. I would think the general public would think of the amendments in like fashion.

Then life happens and you find out why no one believes in the system. The old "once bitten, twice shy" to possibly keep you in line. It might be the best we have but the rules are only for some.

Lets see what happens here. This is not a dare of any sort, just frustration on my part to get it right.

First trial was overturned due to cumulative error (denied me witnesses), St. Vs. Jenciewicz 193 N.J. 440 (2008)

CONCLUSION

The petition for a writ of certiorari should be granted.

Respectfully submitted,

George Jenuwicz
