Case No. 18-5989

Petition For Rehearing

This Petition for Rehearing is being presented in good faith by Petitioner to the Supreme Court of The United States based on his claim and proof presented to the court on his Writ of Certiorari as being Actually Innocent, and the intervening extraordinary circumstances of substantial effect and my other substantial grounds not previously presented, on the controlling effect and out come of my case. I am a prisoner in TDCJ Prison acting as a pro-se inmate only because I cannot afford or get an attorney to take my case for free. So I one more time do request that the courts provide an attorney to assist me. I believe that me not being or having an attorney to assist me is hindering my due process of law that is a constitutional error in it self. I Mr. Bilbo the Petitioner, are wrongfully being imprisoned because I am actually innocent of the state of Texas cases 98-1948 and 98-1949 being used against me. So I must refute any claim against me because of my innocence.

It is hard for me to argue the court because they did not argue or show proof that Petitioner is guilty or in any error. The court only answered that the Petition for a Writ of Certiorari is denied. My question is why was my petition/writ denied? Did any one really examine my claim of innocence? Because if they would have investigated my claim the evidence is clear that I never threatened any officer! And how can any court justify two 20yr. sentences stacked (40yr's total) for only a threat anyway. The federal Judge, Sam R. Cummings did put the two cases together as one because he himself said that the two cases were identical. I did not before now but I do now claim and believe my 5th amendment rights were violated by being subject to the same offence to be twice in jeopardy. I didn't think before this meant much because both officers gave sworn oaths and testimony in court that I the Petitioner did not threaten the officer's who entered my own home unannounced too and unknown to me until I walked into my own living room. No officer was hurt or threatened by me the petitioner. So why am I still in prison? Because my 6th, 8th and 14th amendment or being violated against Mr. Bilbo... I do present this petition in its simplicity and remind the court that I was as a pro se inmate, provided with a form to fill out for my writ, but not one for this motion/Petition for Rehearing. I am no threat to society, I am a true United States Patriot who loves God and my country, who I serve! Again I invoke Almighty God, my Father and the Supreme Court of the United States, my Country, to grant me favor and help to obtain my freedom and justice.

Sincerely, Gary Dan Bilbo, Sr.
Respectfully Submitted by Petitioner
