## QUESTION(S) PRESENTED

Why the CA State Bar denied an investigation against Steven Rein, Esq. for his blackmail against me, & why attorneys allowed to be relieved as an attorney of record on their word alone without evidence in support of their relief? And, why are those clients of an attorney forced against their will into a Pro Per status, & why are those in Pro Per status expected to know the law(s) like an attorney? which is unfair, unequal & by common sense preposterous requirement by the court. And, why the CA State Bar further denied an investigation against Steven Rein for his malpractice against me too? Please note: I'm a permanently, physically disabled person under ADA & suffer the side-effects from medications for my physical medical conditions & also suffer from Dyslexia which make my reading & writing most difficult, especially in legal matters, & the specifics of all the above circumstances which I've experienced first hand. Therefore, my understanding in these legal matters are greatly impaired which bear considerable discretion, flexibility & exceptions by this court or any court in the determinations rendered, assuming the merits are taken into these courts in the foregoing determinations where merit is actually redressed, especially in Pro Per status a constitutional issue as to whether that status is truly constitutional in any aspect?

Why, since I'm under ADA, does the court expect me to function when I'm in severe & chronic conditions of lack of energy & fatigue, which Exhibit B, attests to my medical conditions that especially makes doing anything or going anywhere a medical & financial hardship. Why Attorney/Client written agreement(s) bias in favor of attorney as well as arbitrary? in their favor too? Why are only an attorney's judgement in handling a litigation which denies a client of any rights in that process, & if

QUESTIONS PRESENTED (Cont'd)

the client object's to an attorney's sole judgement that attorney goes to court & gets to be relieved as the attorney of record by just stating "conflict of interest" resulting in a prejudice in the eyes of another attorney against the client which in part, this case before you is all about? Rein uses this "blackmail" tactic against me & the CA State Bar refuses to investigate this issue too. Why are the methods used by State Bars highly bias in favor of attorneys over the rights of clients, especially the burden of proof that automatically in bias for the attorneys? Surely these "methods" need judicial fairness by not allowing clients, their constitutional rights as these Bars are a quasi-government arm of their State's Supreme Court for this investigation to protect clients from dishonest attorneys without obstacles to prevent an investigation to determine whether the allegations are true or not.

## STATEMENT OF THE CASE

Exhibit C, gives facts material to this case which is RE Steven Rein, Esq., who is subject of Accusation Against An Attorney in Appendix C, that involves in part, the issues of blackmail & malpractice against me & other circumstances related to this case matter which resulted as addressed in Exhibit A, which Rein, caused not me, & Rein committed perjury in Exhibit C pages 9-16 of 26 pages & the State Bar of CA just ignored & would not do an investigation with Rein & his position in this perjury matter. The perjury is unrefutable & in part a basis for granting this Petition as a paramount reason to grant this Petition in the good conscience of this court.

## REASONS FOR GRANTING THE PETITION

Besides, decision of lower court errorness, the Constitutional question is why the CA State Bar did not conduct an investigation of Steven Rein to determine that he did in fact engage in blackmail & malpractice against me based on the evidence in support I submitted them, which applies to all State Bars on a nationwide basis, since this denial caused a loss of my constitutional rights as addressed in Table of Authorities Cited under Statutes & Rules, & it's unconstitutional for an attorney on a nationwide basis to be relieved as an attorney of record solely upon their own word which results in a client-~~be~~forced into Pro Per status against<sup>u</sup> that client's will as in this case matter, & a Pro Per status is unconstitutional on its face on a national basis when in that status, a person is expected by the courts on a national basis to know what a lawyer knows in legal matters, & that's unequal, unfair & a preposterous requirement demanded by the court in any manner, shape or form, & the fact that an attorney's Attorney/Client contracts are arbitrary & bias in favor of the attorney, who has automatically a built-in conflict of interest which puts the client at the mercy of the attorney, & gives the attorney control of the client, who has no say how the case is to be handled by the attorney, especially after the contract has been signed, & that control gives the attorney, the conflict of interest that he or she needs to seek from the court, relief as the attorney of record. The client in most cases has no formal law degree or qualifications to be accepted in a State Bar which is the case in my situation. What this court has to decide whether a State Bar must conduct an investigation when the allegations of blackmail & malpractice initially introduced by a client in a Bar complaint without any barriers & in so doing the

## Reasons For Granting The Petition (Con'd)

attorney must produce evidence in support that there was no blackmail &/or malpractice, then the State Bar has to decide whether the client or the attorney is right or wrong in the allegation(s) brought forth as the basis of a Bar investigation. If, the State Bar decides that the attorney did in fact & law engage in blackmail & malpractice, then either the local D.A. or the State Attorney General must enter this investigation process & decide whether blackmail & malpractice exists & if so then must prosecute in a court of law. If, the foregoing steps are not undertaken, then how in the world are citizens to have faith, confidence & trust in our judicial system where the Rule of Law rests & that our beloved U.S. Constitution & Bill of Rights has any meaning what-so-ever? Are we not a nation under God & all the entails under our Judeo-Christain values? This court must search its good conscience & render a just reason whether this Petition for all the reasons given be granted. I did provide the CA State Bar, evidence in support of blackmail & malpractice & more in my initial complaint against Rein which that Bar ignored for an investigation. Had, that Bar concluded after their investigation from Rein's position that indeed he committed blackmail & malpractice, then they are duty bound to turn this matter over to local D.A. or State Attorney General for further investigation & if necessary prosecution of Rein. The Statement of the Case gives evidence in support of Rein's unrefutable perjury in court documents, inclusion within court reporter's court transcripts, another reason in granting this Petition.
