

UNITED STATES SUPREME COURT

Case Number 18-7591

Kyei v. Swift et al

PETITION FOR REHEARING

RULE 44.2 CERTIFICATION OF PETITIONER

Petitioner Kofi Kyei (Petitioner) respectfully certifies that this Petition for Rehearing is limited to other substantial grounds not previously presented in the Petition for Certiorari. It is presented in good faith and not for delay.

These substantial grounds include the extensive number and nature of the discrete and insular minorities across the nation, children, who are aggrieved by but not heard, the substantive violations to public policy, and the profound injury to the fair and impartial due process administration of justice.

Of note is that there are two jurisdictions with disparate and competing child support requirements below – the latter one of which was arbitrarily inflated, unjust, reached without due process and thus the focus of this Petition - that have not been corrected by any ruling and thus continue to be enforced against Petitioner. Therefore, this Petition and proceedings cannot delay or otherwise affect the status and processes below.

Respectfully submitted on 04/22/2019:

Kofi Kyei, Pro Se Petitioner
