IV. STATEMENT OF THE CASE;

The Fed. Questions were 1st raised in the Ala. Co. Gen. Ct. of Justice S.Ct. 10/5/2018 by The District Court of The United States via Public Record, Certified Mail, Affidavit of Fact and denied 10/5/2018 and appear at Appendix B. A Pertinent Quotation of the Ala. Co. S.Ct passing is in the ORDER on 10/5/2018 Ala. CSC 3:09PM where it reads:

"denied"

V. REASONS FOR GRANTING THE PETITION;

A. To mix the Separation of Powers is Criminal, misprison, malfeasance, or treason; BY the magistrate (mag.) / Judge response it is implied that Jurisdiction over me is found in some Statue; The mag./Judge is clearly incompetent; As the U.S. Sup. Ct. has already affirmed the magistrate/Judge does not know what Jurisdiction really is; The actions made by the mag./Judge are unlawful thus this writ of mandamus-Prohibition-Aail is here by submitted to the U.S. Sup. Ct. advising there is a mag./Judge who is clearly incompetent because the mag./Judge does not know the difference between an Affidavit of Fact and a Motion; This mag./Judge has confused the two by making a decision to deny an Affidavit of Fact when that cannot lawfully be done by this magistrate/Judge; This mag./Judge can deny a motion, Affidavits must be answered or rebutted; In this writ I am asking the U.S. Sup. Ct. to have the Art. III of the U.S. Const. Judge that was petitioned to enforce my demands presented to the Sup. Ct. in the present writ; This writ is in aid of the Sup. Ct's appellate Jurisdiction; I am a Moorish American national and the U.S. is a Party. Exceptional Circumstances that warrant the exercise of Sup. Ct's discretionary powers are that when presented with the Averment of Jurisdiction writ which defines what the mag./Judge has Jurisdiction over a denial was returned; Yet the mag./Judge was already presented with Stare Decisis affirming that once Jurisdiction has been challenged it must be proven to exist by written documentation; The very actions by the magistrate/Judge declare that his authority is greater not only than the U.S. Sup. Ct. but the U.S. Republic Const. because the Const. is the Supreme Law of the Land, of which all authority of Courts and Officers of Courts are derived; This is why the mag./Judge took an oath to uphold it; Now the reason I did not make application to the district Ct. of the district where I am held is also why adequate relief cannot be obtained in any other form or Ct. - It is not my lawful district CAC has failed to provide Jurisdiction - Coram Non Judge i.e. The Judge in the first instance had no Jurisdiction, nor do any other State or Fed. Cts under the U.S. Sup. Ct. and all those Cts were addressed or record with no ability to have Jurisdiction thus All Remedies are Exhausted and that appears at Appendix B; The names of the Persons against who relief is sought are U.C., U.S. Ala. Co. State and Fed. officers, and U.S. Congress who function to administer the State and Fed. Cts So as my Civic responsibility I do here by notify the U.S. Sup. Ct. that there is a mag./Judge who has stepped outside their delegated authority, and Presumes to administer Judicial authority; The above outlines Fraud by an Art. III Judge that sits in a mag. Ct.,

B. Conflicts with Decisions of Other Courts;

By sitting in a mag. ct which is also a municipal ct. it immediately makes the judge a mag. or administrative officer where in there is no judicial power; these vary actions become fraud, because as an Art. III Judge, the judge is of the judicial branch and once switched to a mag. which is of the executive branch, the Judge has no judicial authority because the exe. branch cannot sit in a judicial capacity; Now this Judge is bound by oath to support the U.S. Const. regardless to obligations to inferior cts. There is also a matter of a Promissory Note on file, that I would like back; This like is encompassed in the demand below - see the corp. sealed letter with its legal boxes at appendix C; The Const. for the U.S. is founded upon divine-law principles to protect and to secure the preexisting, divine and natural rights of the natural people from alienation; That rule of law shall not be abated without consequence; my divine-given rights define my personality and personal property as both are intrinsically tied to my unalienable rights. (See endless law supporting this writ). Thus Such Hikuptah - (EGYPT) Social order concepts, adopted by the U.S. guide the measure of my demands.
