I. Motion

Filed in support of petitioner's ("Schneider") declaration on IFP Form 4. Mr. Schneider respectfully asks that he be allowed to file in forma pauperis¹ and to violate any Supreme Court rules *out of necessity* much like a prisoner, and in many ways living a *more* restrictive life than a prisoner², when Schneider has committed no crime. See also, declarations incorporated here in full for facts contained in 17A612 Exhibits R1 & R2; 18A237; R-186, 188-2-3; R-9th-17-70768 R-27; 20-Exh-A).

I have filled out statutory form 4, but object, as an independent American in the *strongest* First Amendment, and due process terms to the; (1) unconstitutionally compelled public speech/Hobson's Choice; *Rumsfeld v. Forum for Acad. and Inst. Rights*, 547 U.S. 47 (2006) that is not warranted, nor the "least restrictive" means to the justified ends of a courts under "strict scrutiny" with the fundamental link in this paperwork package/my First Amendment rights to "petition...for a redress" in any Court; *N.A.A.C.P. v. Button*, 371 U.S. 415 (1963); *N.A.A.C.P. v. Alabama*, 377 U.S. 288 (1964) and that "Because of the claim of constitutionally protected right is involved, it 'remains our duty in a case such as this to make an independent examination of the whole record.'" *Cox v. Louisiana*, 379 U.S. 536, 545 (1965). The *very* wording of the first paragraph of IFP "Form 4" supports the direct First Amendment link when it states: "I am entitled to redress;" (2) an unconstitutional

¹ Schneider without neighbor help does not have the ability to safely walk nearly 20 miles round trip on a VERY hazardous rural road (See Decl. R-35-Exh-A-1-5; R-9th—RJN—R-27; R-20-Exhibit-A) to Sutter Creek Post Office, this trip would take 4 HOURS EACH WAY.

² For example *unlike* Mr. Schneider if an e.g. *convicted felon* for Murder wants to buy envelopes, stamps, extra food/snacks etc. he can simply use the prison's Canteen/store. See related S.Ct. case 18-7701-RJN-ISO-3-No.7.

and “public” stigma of poverty or caste and unjustified “Third-Class” citizenship³ before America’s highest court; see *Paul v. Davis*, 424 U.S. 693 (1976) (public frequent bad check shoppers without due process etc.); *Plymer v. Doe*, 457 U.S. 202, 219, 239 (Children attempted to be branded by state as a “permanent caste” and “lifelong penalty and stigma” for wanting a public education); and (3) the unequal wealth IFP classification in the U.S. Supreme Court “5000 Series” case numbers acting as yet another discriminatory/arbitrary classification⁴ with a public badge of inferiority and/or Third-Class citizenship of Schneider *exactly* as if he is a convicted felon filing IFP—e.g. a child molester, first degree murdered—a classification where practically all of the legal community ignores the “5000 series” cases vs. the other “regularly” numbered cases are *not* ignored and individually summarized in trade publications/websites, e.g. BNA Weekly publication on Supreme Court.

I therefore object to the statement/public demand that I declare “that, because of my poverty, I cannot prepay the docket fees” when the reason for my current position has nothing to do with “my poverty” but rather with the record of proximate events and collateral consequences alleged in petitioner’s *Bank of America* case (See 18-5850, 17-9240, IFP Form 4 No.11, 18-7701 App-25-28; R-20-

³ First Class = government; Second Class all corporations, people in the top 5% of pay, and those with attorney; Third Class all *pro se* litigants by necessity (i.e. those in American’s lower 95%).

⁴ Analogously it is like; (1) the librarian in *Brown v. Louisiana*, 383 U.S. 131, 136 (1966) stamping *only* blacks library cards “with the word ‘Negro’” and having a “red bookmobile for whites” and a “blue bookmobile [which] served only Negroes” *Id.* and; (2) *Plessy v. Ferguson*, 163 U.S. 537 (1896). I argue that if the U.S. Supreme Court is going to make such a classification solely on account of my IFP filing then that classification is discrimination based upon wealth; *Harper v. Virginia Board of Elections*, 383 U.S. 663, 668 (1966) “Wealth, like race, creed, or color is **not** germane to one’s [First Amendment petition for redress classification ...]” *Id.* at 668. And should NOT include arbitrarily lumping me in with convicted murderers and child rapists. Perhaps the court should simply file **all** civilian non-prisoner IFP cases exactly as *every* other case is filed setting a neutral example for all lower courts to follow as one alternative.

Exh-A), more than any other item or expense in my entire life. Then, the Machiavellian actions of the State of California and the federal National Driver Register's "blacklisting" exasperate the situation created by *Bank of America* events and resulting case disabilities inflicted with my retaliatory Driver's License loss.

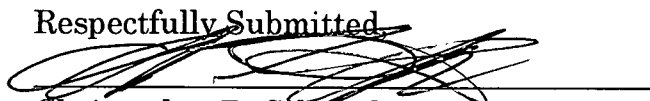

II. Conclusion

For the forgoing reasons Schneider's IFP filing should be granted for good cause, and the court should fully consider petitioner's First Amendment fundamental substantive objections on behalf of himself and all other pro se NON-PRISONER litigants.

Verification: I Christopher D. Schneider declare under penalty of perjury that the forging facts are true and correct.

U.S. Supreme Court IFP Number 12 (verified)

1. Without a Driver's License and basic "personal mobility" living nine miles from a very *small* town (Sutter Creek Post Office, a gas station, and touristy antique shops) and 12-14 miles from rural county civilization (Jackson, CA) every single area of every single purported constitutional right is impacted or effectively **killed** after ^{five} years and counting. Including such necessities of *selling almost anything* to raise money etc. (for moving, or shipping, or paying for things, etc.) as all require personal transportation when (a) all of my access to the U.S. Banking System—blacklisted—without a photo ID and no due process either; (b) I remain without access (or paying for service) to any cellular phone network (in TOWN, or I would have to *drive to service*—when I *had* my driver's license); (c) internet access to be able to list and sell items on e.g. "Ebay" or "Craigslist" or other similar internet sites (newspapers) or even taking items to a scrap yard all *require* mobility *where I live*, and *with* the rural life I live. See also verified TC Dkt. No. 20 and Exh. A Depo. pages 16, 30.

2. Then there is the question of how I can "earn a livelihood" which was also **killed** (See July 2014 renewed S.Ct. stay application 13A1264; countless unchallenged declarations after March 2014 in every case/court) by the "immediate" retaliatory loss of my Driver's License/photo ID **and** Blacklisting in all 50 states via the National Driver Register database. In order to pay for **anything**: I have to be *able to* earn a living: a purported "fundamental right" yet, *where I live*—without a driver's license—that is also impossible, and a forced move to a city is against all that I stand for.

3. What is written here is only the tip of the "iceberg" of daily purportedly "irreparable" harms that happen in my life every single day since March 30, 2014. With the events of this case (and related vs. *Bank of American*: see e.g. 18-7701) highlighting in the clearest terms why now I "cannot pay the costs of this case" when the foundational rug of my **entire life** is yanked out from under me in an instant by Machiavellian Despotic state government tyranny: all when I have committed no crime. See e.g. Schneider Declaration ISO S.Ct. case No. 17A612; *verified* Tax Court Dkt. Nos. 12 at 2 12:18 (getting Food or serving S.Ct. paperwork); Dkt. No. 20 at 3 10:19 (*First* forced sleeping on the streets to attend *Bank of America* deposition; Exh. A at 14-16; and other disabilities at 44-45.); Dkt. No. 35 Exhibit A dealing with food, neighbors etc. over month period.
