

SUPREME COURT OF THE UNITED STATES

**Michael of the Balice family,
Petitioner,**

vs.

**UNITED STATES OF AMERICA,
Respondent.**

**PETITIONER'S MOTION
FOR EXTENSION OF TIME TO FILE WRIT**

Comes now, Petitioner, in fact Michael of the Balice family, all rights reserved, by special appearance not pro se, as born living, breathing man, sui juris, not under the venue and or jurisdiction of any presumed contracts with the state, State and/or Federal Government, in good faith, by restricted appearance not generally *ab initio, nunc pro tunc*, of necessity, without recourse. At no time by presumption appears and proceeds in any other manner, waives no rights, remedies and/or defenses. Furthermore, I state that I stand as myself in honor, without prejudice, with clean hands, the undersigned, as the man Michael, give notice to this court of the following facts, and moves this Honorable Court to grant Petitioner's *Motion for Extension of Time to Submit Writ*.

An extension of time is necessary because the Petitioner is not able to correctly write his *Petition for Writ of Certiorari* until the **conflicting** *subject-matter*

jurisdiction claims of the United States Third and Fourth Circuit Courts of Appeals are resolved and the specific *subject-matter jurisdiction* of the federal courts that can be taken over these civil enforcement actions, enforcing the collection and payment of the federal personal income tax is identified and declared on the record of the action in the court.

Petitioner respectfully seeks an extension of 60 days from the date of the *Order* that this court issues, settling and resolving the conflict in the Circuit Courts over the proper *subject-matter jurisdiction* of the federal courts that can be taken over these civil enforcement actions, enforcing the collection and payment of the federal personal income tax.

Respectfully submitted this the 4th day of January 2019.

Petitioner: without prejudice, UCC 1-308, 28 U.S. Code § 1746 (1),

Michael Balice, under seal,

in service and all Rights retained.
