Petition for Rehearing
Case no. 18-9455

Dear Supreme Court of the United States,

The grounds are substantial and are grounds not previously presented.

I certify that the petition for rehearing is presented in good faith and not for delay.

Thank you,

Additionally due to the fact that the defense did not even respond to case no. 18-9455, I believe a default Judgement of \$1,000,000 USD is due in this case

Case No. 18-9455

Petition for Rehearing

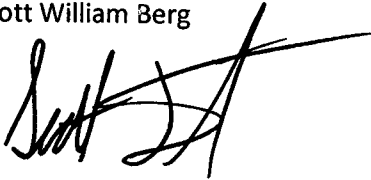

This writ of certiorari is filed in good faith

God knows this case needs to be heard by the United States Supreme Court

1. Citizens of the United States of America will not be able to get appropriate psychiatric care if Dr.'s like Dr. Ngo will be allowed to continue to practice medicine in the United States of America without any type of repercussions for their actions
2. Hospitalizations for mental illness will rise and Medical Part A will cost the United States billions of dollars unnecessarily
3. The Crime Rate per capita in the United States of America will increase if mental health patients cannot receive access to proper healthcare
4. The United States mental health crisis will continue to worsen
5. Suicide rate for patients leaving mental hospitals will continue to rise (my Friend David Lee Riddle) Oconomowoc WI, just received poor mental health care at the Waukesha Mental Health Center and committed suicide shortly after leaving

Thank you in advance for your help,

Scott William Berg
