Re: *McKesson Corp., et al. v. True Health Chiropractic, Inc., et al.*, No. 18-987

Dear Mr. Harris:

I represent petitioners McKesson Corporation and McKesson Technologies, Inc. ("McKesson") in this matter. I write regarding the extension of time requested by respondents True Health Chiropractic, Inc. and McLaughlin Chiropractic Associates, Inc. within which to file their response to the petition.

McKesson does not oppose an extension of 39 days, to and including May 21, 2019, for respondents to file their brief in opposition. McKesson opposes any further extension, as McKesson wishes to allow the Court an opportunity to consider this petition before its summer recess.

An extension to and including May 21, 2019 would give respondents ample time to respond to McKesson's petition. The petition was filed on January 25, 2019. Respondents waived response 34 days later, on February 28, 2019. A deadline of May 21, 2019 would give respondents a total of 116 days from the filing of the petition to prepare and file a brief in opposition.

Accordingly, McKesson respectfully requests that any extension of time to file respondents' brief in opposition be limited to 39 days, to and including May 21, 2019.

Respectfully submitted,

Joseph R. Palmore / by *MOF*
