RE: Jorge Cintron vs. Supt. Graterford SCI, et al  
Appeal Court No. 18-1403  
(E.D.Pa.Civ. No. 2-05-CV-03478)

Dear Clerk,

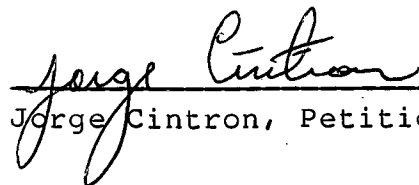

The reason of this missive is that I need more time to prepare my petition for Writ of Certiorari because all my appeals documents and Note and Transcript was taken from me when we move to another prison.

The supt at Graterford give me permission to have (2) extra box for my legal documentation in regards to my two cases, and I was approved but when I arrive in the New Prison because they close SCI Graterford an Officer at the property room took my two extra box that contain all my entire case and appeal to this Honorable Supreme Court.

I, talk to the officer at the property room that I am appealing to the United States Supreme Court but he ignored me, and he say this is not Graterford Prison. I submitted a request to the Superintendent here at SCI-Phoenix and I am waiting for the answer, but my time is running out. That is why I am requesting for more time.

Sincerely,

  
Jorge Cintron, Petitioner
