DATE: October 2, 2018
SUBJECT: Application to Extend Time
REFERENCE NUMBER: US Court of Appeals Eighth District-Saint Louis 17-2589

Dear Michael Duggan:

I, Paul Soare, am a "Minute Men" of Saint Germain. I am in a lawsuit with the leaders of the Saint Germain Foundation since January of 2015. All of my cases were dismissed. The last case with the Federal Court of Appeals had a final decision filed August 6, 2018. [Enclosed]

On August 8, 2018 I went to Romania to collect information about Saint Germain's origin and I stayed in Romania for over a month returning to the States on September 5, 2018.

When I came back home to the United States I had received two letters about the Appeals Court decision. I had been waiting for over 6 months for that decision since the appeal was filed March 14, 2018.

The first letter showed the case was dismissed as of August 6, 2018. The second letter dated August 27th showed that I had not filed for a reconsideration within the 14 day period. My only course of action was to go directly to the Supreme Court in Washington, DC.

I am requesting an extension of 2 months. The current 90 day deadline is Monday, November 5, 2018. The 60 day extension from that date would be Friday, January 4, 2019.

The current November 5th deadline does not give me enough time to complete the petition. Please accept my request so that I have time to put everything together.

Thank You,

Paul Soare, Pro Se
