RECEIVED

OFFICE OF THE CLERK
SUPREME COURT, U.S.

THE UNCONSTITUTIONALLY IMPRISONED AND CONFINED Competent
 living - Man: Jahl amadi hasanati (Body), a member of the Homosapien
 Family, and a non resident alien unlawfully restrained in the bowels
 of a Free and Christian Country, and in Florida, in violation of the
 Constitution of laws, hereby respectfully requests this Court enlarge
 the time to tender a petition for a writ of Certiorari to the
 Eleventh Circuit Court of Appeals, case numbered 17-10485, upto and
 on February 26, 2019. A copy of the related orders is attached
 hereto as Appendix A, and incorporated by reference as if fully set
 forth herein.

The Body is wrongfully deprived of his Blessings of liberty solely
 by the intentional usage of specified pretended legislation not
 duly engrossed and passed by constitutional Assent according to
 the provisions contained in the third Article of the Constitution of the
 state of Florida. The proponents of these callous infirmities have
 not been given the opportunity to oppose, if they can, this
 irreparable claim.

In 2015 the Body deposited an authorized Petition seeking an
 attendant writ of Habeas Corpus, with the office of the Clerk of the
 Court, Southern District of Florida, expressly setting forth, among other
 things, that Title XLVI, Crimes, Florida Statutes; section(s) 812.014;
 and 895.03, Florida Statutes, are indeed contents of writings
 contrary to the law of the land. Specifically, the evidence cultivated
 in this case vigorously emits that the Florida Secretary of State
 has admitted he "cannot certify Florida Statutes," in accordance
 with the commands of 28 USCA 1738. This is fatal.

It appears from the evidence thus erected, that these indicted
 contents of writings are constitutionally inapplicable to the Body, void

ab initio, with extreme prejudice, and in severe violation of the principles secured in the guaranteed Bill of Rights.

The Objection to these infirmities was erroneously rejected by the Courts below absent an offer of evidence by the designated proponents; Nor did the Court(s) pronounce a finding of facts and inscribe the record with a conclusion of constitutional law.

A timely appeal was taken to the Eleventh Circuit Court of Appeals. On June 22, 2018, the Circuit Court erroneously affirmed the brutal Errors of the district court. The Court's adverse disposition remains naked of any Authority in support of validity as applied to the Body. On September 28, 2018, the Circuit Court denied a timely petition for rehearing.

This court has jurisdiction under Article III of the Federal Constitution, 28 USC 1254, and 28 USC 1257, as explained in New York Ex Rel. Bryant v. Zimmerman et al., 28 US 63.

The Body desires to move this case to this Court of Competent jurisdiction.

The Petition for a Writ of Certiorari is due on December 26, 2018. The undersigned is the only talent assigned to this endeavor, and is unable to meet that deadline. This Request for extension is timely presented.

The Body remains coerced by unauthorized men and women, in Florida, a unit of the Greatest Republic ever measured in the history of Our planet, who have oppressed, and are oppressing Him in such a manner that makes life unbearable in the service of an unequal

obligation consequent to a theory of alleged transaction that are not supported by a scintilla of legal evidence of probable cause, complaints and material witnesses statements. There is, in this regard, a patent absence of a lawful warrant of commitment: An undeserved irreparable injury that should not have encroached an innocent soul denied every item of due process and guaranteed protections from the commencement of a void hearsay information to this Constitutional Crisis.

The Body is now unlawfully warehoused at Hamilton Correctional Institution (HCI) without His consent or agreement and over His expressed objection.

HCI has adopted and implemented an illicit policy and practice of severely limiting access to its inadequate law library collections to less than 8 hours per week. This anemic frustratingly obstructs adequate access to essential legal materials required for the proper presentment of the aforesaid petition in aid of the prosecution for the resurrection of the Body to His station of Blessings of Liberty. This is an obvious Trevesty directly and proximately created by the State to impede access to this Constitutional Temple.

Based on the foregoing and the record made in this Experience, the Court is Beseeched to grant the extension of time upto 60 days to allow for a viable petition to assert the violations mentioned herein.

AFFIRMATION

I AFFIRM under the penalty of law that the foregoing facts are

true, correct and complete
