PETITION FOR AN EXTENSION (60DAYS) TO FILE

Extension Request (60-day) to Justice Samuel A. Alito, Jr.:1

Pursuant to Rule 2, we respectfully request Justice Alito grant our 60-day extension due to our disabilities as it prevents us of finishing up my Application to Individual Justices for the Court to review. The joint petitioners and defendants to the above underlying case requests allowance and permission to file their joint Application to Individual Justices by ~~April 1, 2019~~ on or about May 1, 2019.

The respondent Dr. Richard G. Schmidt **will NOT be prejudiced** in anyway by this extension request as the underlying case is ACTIVE as the need for US Supreme Court intervention will be outlined in our joint brief outlining the need for a-joint injunctions applications. Unfortunately, an Constitutional Crises has occurred and inflicted by the Pennsylvania Judicial System onto two pro se litigants as our rights to a fair trial have been totally removed and the ability to continue to act as pro se litigants have been severely striped away due to ex parte and bias by the Pennsylvania Judicial System and all will be proven through evidence as the court record reflects to support our joint applications for judicial injunctions-restraining orders.

We have enclosed my informa pauperis (IFP) (**Exhibit B**) and certification statement to waive the fee. Thank you, to all the hardworking law clerks for submitting this request to the Honorable Alito for review and approval.

The order that we are appealing from the Pennsylvania Supreme Court is (**Exhibit A**)
