Case #18-6907 Robert J. Kulick v. Leisure Village Association, et al

Application for Extension of Time to Comply with Court Order
Denying Pauperis

The reasons why the court should grant this Application:

1. Have to now wait until the court rules on my Motion For Reconsideration of Court Order Denying Pauperis, & deadline was set for 3-12-19 to enter this Motion, which will not give me enough time if this Motion is denied to 6 days/ law/
2. Will need (60)/to secure a pro bono/firm like Public Counsel to represent me if my Motion for Reconsideration of Court Order Denying Pauperis is not granted. That pro bono law firm could enter Petition For A Writ of Certiorari on my behalf, as I understand the foregoing, & that's why I'll need those (60) days extension of time, etc.
