

APPLICATION FOR EXENTION OF TIME

I am writing this document to ask for an extension of time to my writ of certiorari . I need a 60 day extension so that I may find counsel to help me with the document . I am asking for the extension because my case is imperative to the United States . My case deals with actual terrorism and 36 world leaders and most wanted Terrorist- I should be granted an extension of time so that counsel can direct me in the writ of certiorari . I hope that my extension will be granted the maximum time allotted so that I can gather the facts and evidence needed for counsel to direct me . I need the extension to find counsel so that counsel will have enough time to draw up the writ without rushing or leaving any evidence out. I also would like to include that fact that I worked along side of Mullah Krekar whose suppose to be in Norway but resides inside of America which is one of the issues I will be dealing with within my writ of certiorari . Mullah Krekar works at 9731 Gratiot and Harper . I would like to be granted an extension so that I may have time to prove my case within the writ of certiorari .

Thank you Very much ,
