Word Count Certification

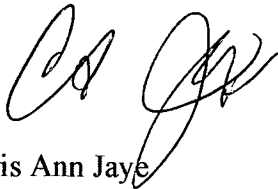

Clerk Harris (Defendant in the Matter of US District Court of Northern Iowa, 19-cv-121):

I, Chris Ann Jaye, certify that the word count for my petition is 1479. This includes all words from Brief Factual Background through my signature.

I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct.
Executed on February 14, 2020.

Although a lawyer swearing under pain of penalty and perjury means nothing in any federal court to other lawyers (as evidenced by the illegal rulings of those with benefits via this legal mafia), I am certifying according to the federal statutes (28 USC 1746) as required. Again, the federal statutes mean nothing to government lawyers (and judges), but for us deplorables... it is an absolute must. So here you go. Get your kicks with acting like the law means something in a court of law...

And before you find another excuse to reject it, note word count (per the rules) is under 1500 words.
So R. 34 (2) applies.
