U.S. District Court for Eastern  
California, Fresno

REQUEST FOR AN EXTENSION TO FILE  
PETITION FOR WRIT OF CERTIORARI

Appellant, Christopher Isaac Simmons respectfully submits this FIRST "Request for Extension to File Petition for Writ of Certiorari in the above entitled case, following dismissal for Appellant's failure to prosecute despite Appellant's responding briefs timely filed.

Further, Appellant's filings have been obstructed by prison officials to cause untimeliness and defeat the action. The Ninth Circuit had filed an ORDER on January 23, 2019, however, despite Appellant's responsive pleading, the 9th Circuit filed a subsequent order indicating Appellant failed to respond (See, Exhibit A, pp. 1-6), in which Appellant filed a Rule 52 Motion alerting the 9th Circuit of its departure from clearly established United States and Ninth Circuit Authorities..

Dated: April 12, 2019

Respectfully Submitted,

  
Christopher Simmons, Appellant
