As of now it has two DVD's Jungle Movie is put together but the information on paper about all the animals is not put together as yet. A parent or grand parent could explain to there small child or grand child about the different animals and what they really do in the wild.

The second DVD is about a fisher scent communication center. Where different fisher thru out a 12 month period come and leave their scent by ether or all the following, Rubbing their buts on a stump neck glands on the ground, jumping straight up and down to leave their feet scent glands on the ground or on logs or both, scattering on the stump, did not see any urinating on the stump. It also shows raccoon but rubbing the stump and neck rubbing a small bent over tree. Plan on getting wildlife biology schools interested in to teach something new to their students.

Hopefully this fall we will get videos clips of families of Adirondack Canadian Links that invaded the Adirondacks and are killing all or some of the native species and everybody knows that they die off in their Canadian Links life cycle and leave the native Adirondack species depleted.

At 22nd Century New Technologies Company Inc. I do all the filming put together the game camera videos, put them on the dvd disk, put the picture on the disk packing up and make the picture on the cover made own web site. In the future plan on selling unusual animal pictures that we got on game camera. Like a mother doe deer and her year old fawn taking care of this year fawn by eating it's scat before it hit the ground. And how it got to the location was by walking a stream bed till it got to a log over the streams. Where my father And I put the camera to see what animals cross it.

Just starting a new branch of 22nd Century New Technologies Company Inc. It will be called the Green New Deal and Keep the World Great where we are going to get all the very small companies together to form one company and then use little known thing to help them get on the stock exchange and each one alone can not make it on their own.
