Whatever my savings were i invested it trusting Mr. Butt. With inflation at its peak its hard for me to meet my ends and predict business sales every month. Here in Pakistan basic education for children is not even free like in the United States nor is medical covered by insurance, nor do we have student loans available for children for higher education. The parents have to cover all their expenses from fees to food to clothing and other facilities. Apart from that every time i ship a document it costs me around \$ 100- \$150. I declare under penalty of perjury that the foregoing is true and correct.
