Re: Application for an Extension of Time

Petitioner is requesting an extension of time for the following reasons:

1. Petitioner pro-se is currently in state prison and requesting an extension so that he can submit a Writ of Certiorari to this court. However, Petitioner is reasonably confused with the Supreme Court Rules, U.S. Constitution, and the strict filing requirements.

2. Also petitioner does not have ample access to the facility law library and its resources, compared with respondents, to do appropriate research to submit said application within the time limit given by this court as petitioner is currently incarcerated.

3. Enclosed please find the denial regarding a petition for panel rehearing dated December 11, 2020, but received two weeks later by the Department of Corrections. As a layman in the law and within the complex interpretation of the Supreme Court Rules, petitioner is requesting a 90 day extension to file a petition for a writ of certiorari.

Petitioner thanks the Court for its consideration.
