### **DECLARATION IN SUPPORT OF MOTION PROCEEED FORMA PAUPERIS**

I, Michael Bruzzone, am petitioner in the above titled case. In support of motion to proceed *in forma pauperis*, notify impoverishment, on federal and States witness status, one among the results of my 270 month enlistment by federal attorneys in non-paid discovery aid and academic studies roles support 15 U.S.C. § 5 antitrust investigations at 18 U.S.C. § 1962c cognizable § 1964c.

Petitioner Bruzzone is the Federal Trade Commission attorney enlisted discovery aid at 15 U.S.C. § 5, 15 pursuant FTC v Intel Corporation in support Docket 9288, May 1998 through 2001, and Docket 9341 begins summer 2008.

Blacklisted by corporate defendants and targeted in associate 15 U.S.C. §§ 1, 2, group boycott Petitioner's sole career option, unconscionable to expose

others on retaliations, provides FTC v Intel Corp. Docket 9341 consent order monitoring in this FTC attorney enlisted assignment begins 2010 and continues currently.

Petitioner in December 2008 is contractually designated by U.S. Attorney Northern California District and United States Department of Justice 31 U.S.C. §§ 3729, 3730(b)(1)) relator original source of the \$41.5 billion Intel Inside® and subset federal government (GSA) procurement overcharge theft on cartel channel administered ‘metered flow’ consumer discriminatory pricing. Price fix is cost to Intel Corporation boxed microprocessors and those integrated into a computer case. Presents a structured brand fee reward for monopoly channel ‘essential toll way’ preferred access; Intel horizontal channel dealer bridge ‘abutment’ entry points facilitate dealer bridging tied to horizontal channel bridge ‘abutment’ sale’s exit points. Entry and Exit Abutments meter channel processor flows. When sales are reported to Intel by exit points are paid an Intel Inside® tying channel value, averaging \$10 cost to processors, is cost offset within end buyer’s Intel processor and Intel processor in computer purchase price.

Through 25 years Petitioner performs multidisciplinary academic science and studies roles; economics, general systems, paralegal, antitrust case research, produces federal and States reports and as a result is placed into destitution by defendants and corporate political relations for doing the job federal and State attorneys enlisted Petitioner to do.

Petitioner is pillared by defendant and their associates in industry and society, as an example too others the power of an illicit cartel intent to conceal Sherman Act, Clayton Act, racketeering, industrial espionage and the severe economic effects of such on nation, society, States, industry and citizens.

Petitioner at U.S. Constitution 9<sup>th</sup> amendment is recognized by Congress of the United States at 15 U.S.C §§ 5, 15 in 1998, and 31 U.S.C. § 3730(b)(1) in 2008. Petitioner is acknowledged by 31 States Attorneys General as relator, expert or witness. On letter is United States House of Representatives and Senate designee “recovery for the people”.

Federal civic service begins May 1998 enlisted by Bureau of Competition attorney Mr. Robert Cook as discovery aid supporting attorney Mr. Jeffrey Lin. A multidisciplinary analyst role includes general systems and production micro economics analysis supporting Federal Trade Commission v Intel Corp. 15 U.S.C. § 5 incipient antitrust investigation known as Docket 9288. Late 2008 on 2007 FTC inquiry by Congressman Mr. Bobby Rush, then Chair subcommittee commerce, trade and consumer protection, parallels a referral by then FTC consulting economist Professor Frederic Mike Scherer, Harvard Kennedy School of Government, to then FTC Chair Mr. William Kovacic. Bruzzone is then referred to Bureau of Competition attorneys Ms. Karen Espaldon, Ms. Ella Krainsky and Mr. Kent Cox. Petitioner supports FTC v Intel Corp. 15 U.S.C. § 5

investigation known as Docket 9341. Performs consent order monitoring currently on agreement with case chief litigator FTC attorney Mr. Robbie Robertson.

Beginning 1999 Petitioner supports the parallel States Attorneys General Departments of Consumer Protection investigations, includes California Department of Justice investigation of Intel Corp. consumer price fix system known as Intel Inside®. Currently Petitioner is recognized by 31 states as relator, witness or expert.

In March 1999 Petitioner ascertains on Intel Corp. system's structure does infringe 15 U.S.C. §§ 1, 2. Ten years following is validated "avoidable consumer cost" charge pursuant EUCC COMP / C-3 / 37.990 Intel Corp. decision of May 13, 2009. Is affirmed as EU judgment June 12, 2014 pursuant Court of 1<sup>st</sup> Instance Intel Corp. appeal decision T-286/09. Through this entire 21 year period Bruzzone's expert qualification and federal witness status is under direct and indirect assault by defendant's network of executives, stakeholders, political placements include jurists, detectives and informants.

Through 21 years of civic service Bruzzone is devastated financially by actors operating in cartel sub group crime, network trade *association and* Judges sending Petitioner in circles thought political and or federal investigative stall.

Discoveries substantiate Petitioner group boycott in electronics trade and interstate commerce at 15 U.S.C. §§ 1, 2 and United States Constitution 1<sup>st</sup> on 18 U.S.C §§ 1512, 1513 retaliation parallel judicial denial 15 § 15 remedy at

Constitution 5<sup>th</sup> and 14<sup>th</sup> to hear evidence of said group boycott, civil libel, a property matter that is federal contract interference ex post facto by a federal Judge, State interference in federal civil rights denied confrontation and equal protection to hear on facts and law these matters of controversy.

Kept near bankruptcy is perpetuated by corporate defendant(s) on State punishments discoveries revealing FRCP 60(b)(3) acts of defendants attorneys and their law enforcement consultant(s) to destroy federal, prepare and present misrepresented and false evidence include known FBI and Secret Services affiliates. Subject 18 U.S.C. §§ 1001a, 1519, California Penal Code §§ 132, 134, on conduct attempt to disqualify a federal and states witness falsely portraying delusional, incompetent, frivolous, vexatious and criminally harassing. Parallels judicial neglect said 28 § 455(a)(b)(1)(5)(iv) bias, prejudice, disabling at FRCP 60(d)(3) mechanics of justice process to hear said CPC §§ 132, 134 constructions include “vexatious” at California Civil §§ 1571, 1573 raising that question CCC § 1574. U.S. Constitution 5<sup>th</sup> and 14<sup>th</sup> denials include by judge(s) of United States Court Northern and Eastern California Districts chartered to address cases of controversy, on fact and law by federal statute; 15 U.S.C. § 15, 18 U.S.C. § 1964c, and in State Court by judges of Santa Clara County Superior chartered to address civil disputes on fact and law by state statute. Matter tolls a civil rights violation at 42 U.S.C 1981(a)(b) “lawful class” on State at 42 U.S.C. § 1983 and certain defendants at 42 U.S.C. § 1985(1)(2)(3) conspiracy to conceal.

So marked on these unusual forms of punishment over 21 years, Petitioner is pressed into deficiency these forms of network targeting are historically well known. Denied institution of common law on fact, over 25 years, Bruzzone is unable to pay the costs of this case or to give security, have acted as my own legal representative for twelve years, have utilized the technique of opposing attorney enlistment as representatives of discovery findings to their clients lacking whole remedial effect, negation abounds, and am entitled redress.
