REQUEST FOR AN EXTENSION – 60 DAYS

Dear Justice Kagan/Clerk of the Supreme Court,

I am Requesting for a 60 Day Extension. My name is Marco Gonzalez and I will be filing a Writ of Certiorari because I have been falsely convicted of being a Vexatious Litigant in the State of California. The California Supreme Court refused to hear my case. The Second District Court of Appeal refused to hear my case. I also filed a Petition for Writ of Mandamus at the Second District Court of Appeal which was refused to be heard. There was no denial or granting, but a refusal to hear the matter. Several lower court Judges refused to hear my case. One California Superior Court Judge DENIED the vexatious litigant Motion while another Judge GRANTED the Motion based on the exact same evidence.

Nobody wants to hear my case, and I am left, falsely convicted in this violated state for decades or for life, without having due process and the right to be heard in this matter. Because I have won cases in pro per, it seems that I am being punished by the California Judicial System.

My case against Panda Restaurant Group Inc. (BC700077) was dismissed based on California's confusing and weak Vexatious Litigant laws. My case always had VIDEO EVIDENCE currently on YouTube that exonerated me of the Vexatious Litigant Motion. I should have WON that case, solely based on the video evidence, yet it seems that California Judges ruled otherwise.

Instead, it seems that these California Judges are "covering-up" for one another because I am a pro per litigant or for some other discriminatory conduct.

My name is Marco Gonzalez, and I hold a Bachelor's in Applied Mathematics.
