Re: APPLICATION FOR EXTENSION OF TIME FOR FILING PETITION FOR A WRIT OF  
CERTIORARI

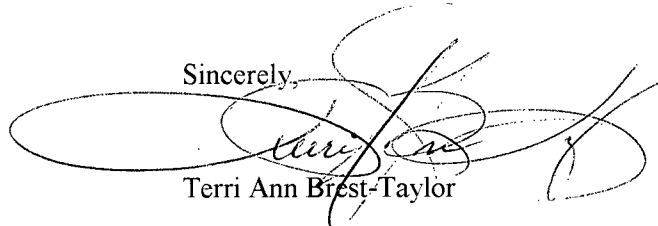

Dear Justice Kagan:

I, Terri Ann Brest-Taylor, Petitioner in Pro Per, respectfully request an extension of time of sixty days from today's date 01/30/2020 to Monday, March 30, 2020 to allow more time to get legal clarification as to questions that I have will pertain to my petition for a writ of certiorari.

My attempts for representation by qualified counsel have been difficult for reasons known and unknown. This extension of time will help in the compilation of evidence that is under restraint on turn-around time. It is essential that evidence is not a "mistake" or "error" or "some other logical reason" to simply being a waste time or funds. I would like to keep those items of evidence unannounced until my filing with the clerk of the court.

I appreciate your precious time and consideration as this matter demands fairness and justice for all citizens of the United States of America.

Sincerely,

Terri Ann Brest-Taylor
