RE: ***Shinn v. Jensen*** (No. 20-360)

Dear Mr. Harris:

Respondents in the above-captioned matter write to request a 60-day extension of Respondents' time to file a brief in opposition to the petition for writ of certiorari, from October 19 to December 18, 2020. The petition for a writ of certiorari was submitted on September 14, 2020 and docketed on September 17, 2020.

Respondents seek this extension in light of counsel's competing personal and professional obligations. First and foremost, the current public health emergency related to COVID-19 has forced the closure of and/or significant restrictions on capacity at each of the offices where Respondents' counsel normally work. The public health emergency and the natural disasters in Northern California of wildfire smoke and electrical outages have also forced closures of schools and child care facilities, which requires Respondents' counsel to either care for minor children during this time or cover for colleagues with child care responsibilities. Meanwhile, in this context of reduced capacity, counsel for Respondents remain committed to other upcoming filings.

Previously scheduled personal and professional commitments, as well as challenges resulting from the COVID-19 public health emergency, the wildfires in Northern California, and resulting disruptions to professional and personal life during the initial 30-day response period would make it difficult for counsel to prepare the response in this case.

Petitioners through counsel have indicated that they object to a 60-day extension, but do not object to a 30-day extension.

Thank you for your attention to this matter.
