* On March 8, 2021, a group of States filed a motion to intervene in this Court. On March 12, 2021, a group of medical associations filed a similar intervention motion. Because the entities that filed those motions are not parties to this case, their pending motions do not prevent the parties from stipulating to dismissal under Rule 46.1. If the case is not dismissed by the time responses to the intervention motions would be due under Rule 21.4, the parties intend to file oppositions to the motions.
