QUESTION(S) PRESENTED

Know Your Enemy

Will focus on reprinting and analyzing material from various enemies of the people so that we can better understand the nature of their enmity, their plans for maintaining or obtaining control, and the lessons we can learn and countermeasures we can take in our own defense. The first installment focuses on what Kristian Williams calls "our enemies in blue" -- so-called law enforcement, armed protectors and servants of property, white supremacy, colonialism and capitalist exploitation.

What follows is a condensed excerpt from a much longer piece by the deputy chief for counterterrorism of the LAPD, historically and currently one of the most militarized police forces in the U.S. and one deeply embedded in the national security state.

This piece, propaganda though it is, was written for internal consumption by law enforcement management professionals in Police Chief Magazine, and therefore reveals certain truths normally hidden in corporate media and liberal analysis of "police reform". As comrade George Jackson said in the context of the prison system, long before it became the "prison-industrial complex" or New Jim Crow system of mass incarceration of black and brown people that it is today, "reform" is the modern name for "fascism". Failure to understand that reality by prisoner rights advocates is what gave the state a free hand to create prisons within prisons and to increase the prison population by a factor of 10 times since the 60s. We cannot afford a similar failure to grasp that reality at this time of intensified mass action against police racism.
