## STATEMENT OF THE CASE

There were series of erroneous facts that lead to denials by Judge O'Connor and Judge Ostrowski and last the Supreme Court.

The court staff erred when they falsely represented and documented on my motion for Ex parte on 12/31/15. They did not correctly do their jobs when they directed me that I had to notify Mr. Evans upon filing Ex parte Motion (appendix C) they incorrectly and firmly refused to accept my motion. I was following the Rules of Procedure and they did not. Judge Connor denied my motions based on this erroneous facts and relied on false documentation. However, Judge erred in law because he should of known procedures he's ruling on or referenced them. As well, Procedure states prior Attorney of record after 1 year is no longer current attorney of record and Mr. Hearn had not filed current representation for Mr. Evans. Erred by law again rules 5 and 6.

All prejudiced all decisions based on inaccurate erroneous findings. As well as my rights to due process were violated not only then but when my first attorney was allowed to leave me without representation after pleading how difficult it was going to be if I didn't have representation. I only contracted certain aspects of initial and ending of process. (16C and 52D requirements.) Mr. Hearn violated attorney oath and conduct when he abused privilege and rule of law ABA and practice as did Ms. Reynolds. Mr. Hearn intentionally withheld discovery and Ms. Reynolds ill advice and poor conduct did not follow Delaware divorce statute computing alimony. I suffered as result and have not been able to sustain a foot over my head since alimony ended.

## Reason for Granting

The Judges decisions were not sound based on actual facts. and should be overruled.

I am pro-se and did not attend law school.

Due process is very important for all citizens and rule of law sanctity.

I plead with you to overturn all denials and once and for all allow the hearing that should have taken place 1/14/14.

Mr Evans manipulated in bad faith to escape responsibility. Judges did not follow law.

I may have had representation attend but not quality and it prejudiced outcome. Divorce is stressful for all involved, even more so when finances dictate equality of due process.

Please review my appeals entire record since 2013 the staff erred in telling me incorrect process

When filing and all citizens should have protection against this by knowing we have the highest court in our land looking out for us. Safeguarding our Constitutional rights

## **CONCLUSION**

The petition for a writ of certiorari should be granted.

Respectfully submitted,
