RE: *Daniel Cameron, Attorney General of Kentucky v. EMW  
Women's Surgical Center, P.S.C. et al.* (20-601)

*Unopposed request for extension of time to file response to petition  
for writ of certiorari*

Dear Mr. Harris:

I am counsel of record for Respondents in the above-captioned case. The petition for a writ of certiorari in this case was filed on October 30, 2020, and was placed on the Court's docket on November 5, 2020. Our response is currently due on December 7, 2020.

On behalf of Respondents, pursuant to Rule 30(4), I am writing to request a 60-day extension of time to file our response, until February 5, 2021, because the press of litigation matters over the next month will interfere with counsel's ability to prepare an adequate response to the petition by the current due date of December 7. These preexisting obligations include a multiple-day evidentiary hearing beginning on December 1; depositions and expedited discovery in the weeks preceding that hearing; and extensive discovery obligations, including depositions, in other matters from November through January. Additionally, other counsel for Respondents currently have a number of other pre-existing professional and personal commitments. Petitioner does not oppose this request.

Thank you for your consideration in this matter.

Respectfully,

Andrew D. Beck
