CONNIE HORTON,

MOTION TO EXCEED PAGE LIMITATION

NOW COMES, Petitioner, Jovon Charles Davis, Pro Se, asking this Court to allow Petitioner to exceed the page limitation, for the following reason(s):

1. Due to complexity of the case and issues raised on appeal, Petitioner is unable to adhere to the 50 page limitation set forth by this Court.

2. That even if learned in law and trained in the art of advocacy, it would be an impossible task.

3. The relief requested is filed in good faith, with sincere belief on my part that my pleadings has merit, is predicted upon solid legal foundation and is deserving of this Court's attention / review, notwithstanding that it is filed In Pro Se, without the legal assistance of any legal counsel.

4. Without the filing of the enclosed Brief, containing all issues presented would otherwise effectively chill my ability, in this Court.

RELIEF SOUGHT

WHEREFORE, for the aforementioned reason(s), this Court should GRANT Mr. Davis' Motion to Exceed the 50 page Limitation.

VERIFICATION / CERTIFICATION
