### **QUESTION PRESENTED**

Petitioner demanded that two court administrators and several BAR attorneys to undergo a complete medical examination as to their mental competency due to their irrational repeated behavior.

The basis for this demand was the strong threat to our Republic's National Security where two individuals who have vacated office and have not been public servants for several years for failure to post bond in county recorder conducted clear collusion with several BAR attorneys who based on proof positive on records do not have and never ever had any power of attorney from neither the alleged Plaintiff nor from US Bank to systemically commit acts of piracy, grand theft and deprivation of Petitioner's inalienable rights under the color of the law.

In spite of these facts presented to the two ex court administrators--that there is no Plaintiff in court, based on proof positive on records, the two ex court administrators have

continued to terrorize Petitioner based on what seems to be their mental incompetency.

Moreover, both California Sixth District Court of Appeal and the California Supreme court expressly set aside these facts, as if they did not exist, creating another layer of prima facie evidence of collusion and conspiracy to continue to aid and abet laundering monies for pedophiles, drug cartels, MS13, sex and human traffickers using ruses such as people's homes as conduits to conduct these unlawful acts against the Petitioner and other People of this Republic.

The question presented is:

1) whether this court should continue to allow lower courts to be used by international drug cartels, pedophiles, sex and human traffickers and MS13 gangsters to use people's homes as conduits and ruses to launder unlawfully obtained monies when the attorneys do not have any power of attorney from neither the alleged Plaintiff nor from US Bank and there is absolutely no relationship between the homeowner and the alleged claimant?.

2) Should this court end the lower courts' aiding and abetting laundering monies for inter alia sex and human traffickers, pedophiles, MS13 and drug cartels committed and perfected by mentally incompetent ex court administrators and their culprits, as they are national security risks to our Republic or continue to take part in these activities by ignoring these facts and avoiding to take a decision in having the two ex court administrators and the attorneys to undergo a complete medical examination as to their mental competency and the subsequent derivative actions to guard against any and all encroachments to our National Security?

The Decision of the California Sixth District Court of Appeal, denying an order for the two ex court administrators and the attorneys to undergo a complete medical examination as to their mental competency and repeated irrational behavior appears at [1 PT 460] and is unpublished.

<sup>1</sup> PT stands for Petitioner's Transcripts concurrently filed, [1 PT 49-54] means volume 1 of Petitioner's Transcripts pages 49 to 54 inclusive, etc. etc

## **JURISDICTION**

The date on which the California Supreme Court decided Petitioner's case was on November 4<sup>th</sup>, 2020. A copy of that decision appears at [1 PT 4].

The jurisdiction of this court is invoked under 28 U.S.C §1257(a) and 5<sup>th</sup> amendment right to due process.

## **CONSTITUTIONAL AND STATUTORY PROVISIONS INVOLVED**

Petitioner was unable to obtain an impartial arbitrator and an impartial forum, without bias, pursuant to the 4<sup>th</sup>, 5<sup>th</sup>, 6<sup>th</sup>, 7<sup>th</sup>, and 14<sup>th</sup> Amendment guaranteed rights of the federal Constitution of 1787, as purviewed by the states for Complainant, Petitioner and Appellant Fareed -Sepehry-Fard.

Petitioner has been wronged by the void order of the lower court in refusing to require the two ex court administrators and attorneys to undergo a complete medical examination as to their mental competency in spite of their repeated irrational and unlawful behavior, and as an American has been wronged economically, emotionally and physically, and is due remedy.

The inferior court refused to perform its administrative duties in that it refused to ensure that the Public is safe to wit:

that at least two Public servants and British agents at Severson & Werson clearly require to undergo a complete medical examination as to their mental competency, without which people seem to be at extreme harms way by these servants and quasi servants.

### **STATEMENT OF THE CASE**

Petitioner, Plaintiff and Appellant Fareed-Sepehry-Fard, *Sui Juris*, (or "Petitioner") appealed a decision by the California Sixth District Court of appeals in refusing to require two court administrators Miss Mary Arand, Mister Sunil Kulkarni and British agents Bernard J. Kornberg, Adam N. Barasch, Jan T. Chilton and their co parties to undergo a complete medical examination as to their mental competency, to wit, in that in spite of , inter alia, proof positive on records that the British agents, *Id.*, neither have nor ever had any power of attorney from the alleged Plaintiff in Case Number 17cv314286 which is the nexus to 17CH007672 in Santa Clara Superior Court nor from the US Bank, by US Bank's own admission, publically advertised on US Bank's website, they have continued to, for close to 10

years, to extort monies, intimidate, demonize, harass, stalk and even threaten Petitioner severely damaging Petitioner economically, physically and emotionally, aided and abetted by Mister Kulkarni and Miss Arand. These individuals appear to be in need medical treatment and that is why they need be completely medically tested, to wit: "all: elections, "news," medical studies, court cases and polls are "legal fiction" derived of controlled subjects and environments", [1 PT 243]. And furthermore, Petitioner "...demands in obtaining MRI brain imaging of predatory hominids to evaluate the attorneys at Severson claiming they represent the alleged Plaintiff in Case Number 17cv314286, Sunil R. Kulkarni and any other judge who would want to adjudicate the case number 17cv314286: the skull cap for plates, possible scarring in the hippocampus from tunneling of parasites from consumption of flesh or feces or by physical injury and shattering of orbital socket through battery; possible calcification of the pineal gland due to ingestion of neurotoxins/biotoxins such as fluoride; scan for heavy metal sediments that could control mood/behaviors in electromagnetic fields that are ingested as "preservatives" in mass produced

“food” products the FDA approves and Monsanto controls, and for evaluation and differences in the amygdala which controls emotions such as: fear, shame, guilt, compassion and would regulate a sense of right or wrong. Fareed has a RIGHT to a SAFE environment to care for himself and the case number 17cv314286 to be participated by balanced attorneys and adjudicated by balanced judges--without the complete medical examination of the judge assigned to adjudicate this case, Sunil R. Kulkarni and any other judge assigned or to be assigned to this case, based on their irrational repeated behavior and attorneys at Severson and Werson, Fareed's due process rights at 5th amendment will be utterly violated and it has been seen from the beginning of the case number 17cv314286, yet these conspiring men keep organizing the same scenario.", [1 PT 241].

These very sick individuals, who are actively, even as of now, involved in sex trafficking, human trafficking, prostitution, drug cartel and other unlawfully obtained monies, have attempted to cover up their unlawful conduct to launder those unlawfully obtained monies to what seems to be, inter alia, funding terrorist groups including but not limited to funding

ISIS, using Petitioner's (and other people's homes) as a cover up to launder those unlawfully obtained monies when not only Petitioner has never had and had never had any relationships with these entities that the alleged Plaintiff in case number 17cv314286 complained about, at any time, but also based on extensive research, backed up by a declaration of an expert witness, based on facts on records, Petitioner found out that not only Greenpoint Mortgage Funding, Inc. did not exist in 2007 in California since it had surrendered to California Secretary of State in 2004, but also there were never, at any time, any financial transactions between Petitioner and any and all of the companies who have or had made claims against Petitioner and Petitioner's real property, also based on facts on records, backed up by the Declaration of Custodian of Records at First American Title insurance Company ("FATIC"), in 2004, 2007, 2009 and 2011.

As a direct and proximate result of Respondents and their Agent(s) Co Parties Principle(s) failure to prevent harm to Petitioner at inter alia, 28 US Code §1346, Petitioner has been economically, emotionally and physically harmed by the all

Respondents' failure to act and they must undergo a complete medical examination as to their mental competency.

The allegations above inclusive have evidentiary support under open public records and are likely to reach proof of fact qualifying as Mandatory Judicial Notice under Federal Rule of Evidence 201 and controlling of presumptions under Rule 301 of Evidence Rules.

Any objections to said standings and capacities will be noticed to Plaintiff forthwith so Petitioner can respond. And, that without such notice and objection, Petitioner's capacities and standings are fully recognized nunc pro tunc.

Thereby, Petitioner require protection by federal actions enforcing the laws as written while reporting wrongs of both the state and the federal constitutions and laws and rules to this Court as Petitioner is now witness in this federal action (18 USC § 1512 et. seq.).

**Additionally, based on proof positive on records, the attorneys who claimed and still claim that they were and are representing the ghost (US Bank US BANK NATIONAL ASSOCIATION, as Trustee for Greenpoint Mortgage Pass**

Through Certificates, Series 2007-AR2 -- the alleged Plaintiff in Case Number 17cv314286 which is the nexus to 17CH007672) do not have and never had any power of attorney from neither the ghost nor from US Bank by US Bank's own admission, publically available on US Bank's own website, [1 PT 298-301].

In spite of these facts and repeated notices to all Respondents, both Mister Kulkarni and Miss Arand did nothing and in fact encouraged British agents to further harm Petitioner, which are Petitioner's deprivation of rights under the color of law actionable at 18 US Code Sections 241 and 242 and Title 42 US Code Sections 1983 and 1985, and therefore they be must medically tested.

The court of appeal did nothing to prevent further harm to Petitioner, *Sepehry-Fard v. U.S. BANK NATIONAL ASSOCIATION, AS TRUSTEE FOR GREENPOINT MORTGAGE TRUST MORTGAGE PASS-THROUGH CERTIFICATES, SERIES 2007-AR2 et al., H048388, Santa Clara County Super. Ct. Nos. CV314286, CH007672* without any opinion at [1 PT 460].

The California Supreme Court also denied to furnish relief to Petitioner as an American who has been wronged, without any opinion at [1 PT 4].

Petitioner explained at [1 PT 226], California state establishments falsely labeled as *courts*, are in fact and in law private tribunals which have unknown Employer Identification Number ("EIN"), and have invested in bogus Asset Backed Securities ("ABS") and Mortgage Backed Securities ("MBS") that are not backed by anything. Those are not backed by anything since the false instruments, whether filed in Santa Clara County recorder or not, recite transactions that never ever happened in fact and in law to wit: for any financial transaction to get consummated, there must have been an offer, when there were none; acceptance of that offer, where there were none; and last but not least, for value consideration or payment, when there were never ever any, whatsoever, see Uniform Commercial Code ("UCC"). Moreover, these so called *state courts* are also not ordained and established by congress at Article III Section I of the Constitution, therefore, they too have no judicial power, *Id.*

As clearly corroborated in Petitioner's papers, the false and fabricated paper trails, whether or not filed in Santa Clara County recorder and or securities and exchange commission et. al., are holographic images of empty bags with nothing in them, facilitated, organized and managed at the highest levels of government with most if not all USDC, state, bankruptcy and even appellate court judges' direct and or indirect involvement in laundering monies for sex and human traffickers and pedophiles, laundering 1000s of trillions of dollars through variety of ruses to wit: Collateralized Debt Obligations ("CDOs"), Credit Default Swaps ("CDSs"), Yield Spread Premiums, TARP, and all other insurance payouts, literally bankrupting every single man, women and child in the entire world as there is less than \$200T of money supply <sup>2</sup> in the entire planet.

From time to time, very few "judges" in the entire country, based on ignorance or simply because they can not be bought or both, allow discovery, *Id.*, and then, the homeowner, at the 11<sup>th</sup> hour, is offered a settlement from the racketeers or pretender

lenders that he or she can not refuse, BUT, the criminal racket continues against other homeowners while the Respondents are instrumental in making sure these criminal rackets in piracy and grand theft of People's assets continues.

Our President, Mr. Trump has been working hard to drain the swamp and Restore the Republic with numerous patriots helping him, Petitioner included.

**<https://nationalfile.com/watch-attorney-general-barr-takes-on-human-trafficking-in-child-welfare-system/>**      **“In the modern age, the level of evil is unbelievable,” said President Trump, who has dramatically increased human trafficking arrests.**

As the justices of this court of records may be aware, Petitioner explained in lower courts at [1 PT 180], every case whether criminal or civil or even probate, is assigned a CUSIP<sup>3</sup>

---

<sup>3</sup> CUSIP refers to the Committee on Uniform Securities Identification Procedures which oversees the entire CUSIP system. The CUSIP number is a unique identification number assigned to all stocks and registered bonds in the United States and Canada, and it is used to create a concrete distinction between securities that are traded on public markets. Foreign securities have a similar number called the CINS number. Source: <https://www.investopedia.com/terms/c/cusipnumber.asp>

number and traded on wall street among various deep state operatives who launder monies obtained from various unlawful activities including but not limited to kidnapping over 800,000 children on an annual basis in this country alone, and selling their organs and committing all kinds of other heinous crimes on those children <sup>4</sup> using various other conduits and ruses inter alia :

---

<sup>4</sup> The individuals subject to issued arrest warrants who are inter alia, attorneys at Severson & Werson [Guzzetta ("Guzz"), Aspinwall, Kornberg, Barasch and others] and their culprits routinely use defunct and closed entities such as but not limited to U.S. BANK NATIONAL ASSOCIATION, AS TRUSTEE FOR GREENPOINT MORTGAGE TRUST MORTGAGE PASS-THROUGH CERTIFICATES, SERIES 2007-AR2, without any power of attorney on records and when specifically demanded of them, through well in excess of 12 Writs, failed to return the Writs, and are involved in laundering illegally obtained monies from inter alia, pedophile rings, human trafficking, sex trafficking, drug cartels and other illegally obtained monies. These individuals use part of these illegally obtained monies, to bribe corrupt state and federal court judges, to aid and abet them and their culprits such as Nationstar Mortgage LLC. ("Nationstar") to accomplish laundering monies using conduits and guises such as, the homeowner, the home and the alleged so called "loan". That is why they continue to represent closed and defunct entities that, in my case, has shut down operations in excess of 11 years. **This is precisely what other criminals like these individuals and their culprits did during wars in the south east Asia, see and hear the statements made by the ex head of FBI in Los Angeles where illegal drugs were imported into this country using the body cavities of dead GIs.** Theodore L. Gunderson ("Gunderson") was an American Federal Bureau of Investigation Special Agent

(CDOs), Yield Spread Premiums, and other ruses such as but not

in charge and head of the Los Angeles FBI. According to his son, he worked the case of Marilyn Monroe and the John F. Kennedy cases (see Retired HEAD OF FBI Ted Gunderson Tells ALL Illuminati Satanism Pedophile Rings

[https://www.youtube.com/watch?v=9YLpvKAR5fA&feature=emb\\_title](https://www.youtube.com/watch?v=9YLpvKAR5fA&feature=emb_title) . **According to FBI and Gunderson , every hour, 83 children are missing from this county, over 700,000 children per year, also see another confirmation of this fact, which is obtained from ABS news, "According to the National Center for Missing and Exploited Children, roughly 800,000 children are reported missing each year in the United States -- that's roughly 2,000 per day."**, Source:

<https://abcnews.go.com/US/missing-children-americaunsolved-cases/story?id=19126967>

**The justices and the Clerk of this court of records are demanded to listen, in full, to the statements made by Gunderson and do an independent inquiry, using alternative media and not the FAKE NEWS, to determine what these criminals and their culprits such as the individuals subject to the arrest warrants, *Id.*, do to the missing 800,000 missing children, on an annual basis, most of whom are NEVER FOUND.**

Therefore, the individuals subject to the arrest warrants, *Id.*, (the British agents working at Severson) that state court and USDC administrators routinely shelter and shield, and fail their official duty to perform, authorized by law, *Id.*, are using corrupt judges and courts, by bribing these corrupt so called judges, by some of the monies that these individuals subject to the arrest warrants, *Id.*, and their culprits obtained and obtain from, inter alia, pedophile rings, to launder illegally obtained monies from satanic acts, inter alia, committed on nearly 800,000 children, on an annual basis, that go missing in our country using closed, DEAD and defunct entities, *Id.*, (just like other criminals used *dead* GIs' body cavities to import heroin and other illegal drugs to our country), **SEE THE PARALLEL HERE!!**

limited to obtaining federal and state grants which are obtained and distributed among members of these racketeering club members.

Respondents are obligated to guarantee a Republican form of government to Petitioner, to wit: Article IV Section 4 which consists of one (1) clause: (1) Provided that the Federal Government shall GUARANTEE a Republican form of government to all States; providing courts of justice under the Law of the Land, a/k/a Common Law and that is what Appellant demanded.

Respondents, due to what seems to be their mental incompetency, repeatedly failed their obligations, *Id.* to Petitioner at inter alia Article IV Section 4 while Respondents have been instrumental in literally stealing 10s of millions of dollars of Petitioner's monies.

Petitioner has been harmed by the Respondents and demands this court to order Respondents and their co parties to not only return Petitioner's stolen monies by the Respondents and their culprits, *Id.* but also pay for Petitioner's damages caused as the direct and proximate results of Respondents' misconduct as

fully memorialized in Petitioner's instruments presented to this court of records, see UCC - Presentment.

Moreover, the Respondents, Petitioner explained to the inferior courts at [1 PT 182], have been attempting to destroy and abolish our Republican form of government in violation of the law and in the process further economically damaged Petitioner, *Id.*, to wit: Pursuant to 18 USC §2385 – Whoever *organizes or helps or attempts to organize any society, group, or assembly of persons who teach, advocate, or encourage the overthrow or destruction of the Republic a/k/a Law of the Land by force or violence*; Shall be fined under this title or imprisoned not more than twenty years, or both. Also see 18 U.S. Code § 2382 - Misprision of treason. "*Whoever, owing allegiance to the United States and having knowledge of the commission of any treason against them, conceals and does not, as soon as may be, disclose and make known the same to the President or to some judge of the United States, or to the governor or to some judge or justice of a particular State, is guilty of misprision of treason and shall be fined under this title or imprisoned not more than seven years, or both.*" and pursuant to Title 28 US Code §454 -- Practice of

law by justices and judges-- *Any justice or judge appointed under the authority of the United States who engages in the practice of law is guilty of a high misdemeanor.*

These and other takings of Petitioner's monies and properties by the Respondents and their culprits, have severely economically damaged Petitioner, Petitioner is due remedy as an American who has been wronged by the Respondents.

Respondents, based on numerous controlling case laws, admitted to treason, at inter alia, *Bulloch v. United States*, 763 F.2d 1115 (1985) where the court stated "Fraud upon the court is fraud which is directed to the judicial machinery itself and is not fraud between the parties or fraudulent documents, false statements or perjury.....It is where the court or a member is corrupted or influenced or influence is attempted or where the judge has not performed his judicial function, thus where the impartial functions of the court have been directly corrupted." further damaging Petitioner economically, physically and emotionally.

Finally, Respondents have, in addition, stolen 10s of millions of dollars of Petitioner's monies from Petitioner's trust

FAREED SEPEHRY-FARD<sup>®</sup>, Petitioner demands all of it back and the court is obligated to order the Respondents to pay back the monies in Petitioner's trust which does not belong to Respondents, it belongs to Petitioner.

Petitioner explained to the clerk of the inferior court, that all laws repugnant to the constitution are null and void, *Marbury v. Madison* [1 PT 37]; that Petitioner never consents nor consented to a Nisi Prius Court [1 PT 33], [1 PT 53]; that all codes, rules, and regulations are unconstitutional and lacking due process, *Rodrigues v. Ray Donovan* (U.S. Department of Labor) 769 F. 2d 1344, 1348 (1985), [1 PT37]; that all codes, rules, and regulations are for government authorities only, [not Petitioner] in accordance with God's laws, *Rodrigues v. Ray Donovan, Id.*; that pursuant to California Government Code 54950, "... The people of this State do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not".

In spite of all these authorities and others, inter alia, *Yick Wo v. Hopkins*, 118 U.S. 356. A sovereign is the source of law.

*"Sovereignty itself is, of course, not subject to law, for it is the author and source of law", Yick Wo v. Hopkins, 118 U.S. 356, [1 PT 219], [1 PT 224], the inferior court administrator still failed its official duties to furnish long overdue remedy to Petitioner, failed to abide by their oath of office, and in the process further harmed Petitioner economically, physically and emotionally.*

This summary of facts is based on sworn statements of Petitioner made in the Petition for a writ of mandate or prohibition.

**A. What the Petition for Respondents' to Undergo a Complete Medical Examination as to their Mental Competency Asked the Both the Sixth District Court of Appeals and the California Supreme Court United States Court of Appeals to Do?**

Petitioner asked both California Sixth District Court of Appeals and the California Supreme Court, through issuance of a writ of prohibition or mandate, to require Mister Sunil Kulkarni, Miss Arand and the British agents BJ Kornberg, "Kornberg", Jan T. Chilton, "Chilton", Adam N. Barasch, "Barasch" to undergo a complete medical examination as to their mental competency, [1 PT 5].

Petitioner corroboratively presented to the lower courts that there are very strong evidence that Kulkarni, Arand, the British agents BJ Kornberg, Chilton, Barasch and their co parties have been suffering and are suffering from numerous diseases which appear to clearly explain their irrational behavior, to wit, inter alia, in spite of proof positive on records that the British agents never ever had nor have any power of attorney from neither the ghost [the alleged Plaintiff in case number 17cv314286 which is the nexus to case number 17CH007672] nor from US Bank, by the admission of US Bank based on publically available information on US Bank's own website and the subsequent torture, extortion, intimidation, harassment, stalking and demonizing Petitioner by the British agents--BJ Kornberg, Chilton and Barasch aided and abetted by Arand and Kulkarni which has damaged and continue to damage Petitioner economically, physically and emotionally, [1 PT 298--which clearly proves the above facts by US Bank's own admission, inter alia, to wit: US Bank: Does **not initiate, nor has any discretion or authority in the foreclosure process, Does not have responsibility for overseeing mortgage servicers, Does not**

**mediate between the servicer(s) and investors in securitization deals, Does not manage or maintain properties in foreclosure, Is not responsible for the approval of any loan modifications].**

Petitioner corroboratively presented to the lower courts that inter alia, these repeated irrational behavior, orchestrated by inter alia, the British agents Kornberg, Barasch and Chilton aided, abetted, facilitated by Mister Kulkanri, Miss Arand and their Co Parties, which has lasted for close to 10, seems to be based on facts that they have been sodomized, tortured and traumatized based on extensive clinical research, inter alia, supported by a report at the University of Minnesota among others, [1 PT 7-8], yet Respondents still attempt to protect their abuser(s) since they are suffering from what seems to be inter alia, Stockholm syndrome, [1 PT 7-8].

Depending on the outcome of the complete medical examination on Kulkarni, Arand and the British agents Kornberg, Barasch and Chilton, Petitioner corroborated to lower courts, there appears to be three possibilities, to wit: 1) their shipment to the Guantanamo Bay detention camp-- a United

States military prison for their crimes committed against the humanity; 2) tried for treason; and 3) small possibility of treatment based on what appears to be severe damage based on, inter alia, [1 PCT 8]:

- intraspecies, sub-clinical psychopaths, who willingly bully for the Good Ole Boys, are intentionally kept mentally ill and undiagnosed/untreated and used for collecting information, reporting to/taking suggestions of the conspiring intraspecies,
- sub-clinical psychopath working with each other with intent to libel and silence and slowly poison them to death aka “soft kill” – often committing fraud, malpractice and murder by battering/neglecting trauma victims, over medicating to the point it appears to be or is labeled as: “Alzheimer’s”, “Parkinson’s”, “Dementia”, “Delusional”, “Bi-Polar” or “Schizophrenic” - to keep them from figuring it out or speaking truth about what the intraspecies Good Ole Boys are really doing and what’s wrong with them.
- that the mixed breed inbred/interbred mixed breed “intraspecies” Nephilim, which appear to be Kornberg, Barasch, Chilton, Arand and Kulkarni, based on their repeated irrational behavior, are a distinct and different species of hominid than humans, and to date, there has been 7 or more varied species known to have existed on the planet earth.
- inbred/interbred mixed breed “intraspecies” Nephilim and damaged vessels such as what appears to be Kornberg, Barasch, Chilton, Arand and Kulkarni cannot feel human emotions due to genetic differences or mutations in the brain (it is believed the differences/damages will be found in the

prefrontal cortex specifically in the amygdala, hippocampus, and pineal gland).

- inbred/interbred mixed breed “intraspecies”  
Nephilim and damaged vessels which appears to be Kornberg, Barasch, Chilton, Arand and Kulkarni are prone to religious “extremism” and “fundamentalism.”
- we still contend with the results of the lurking inbred/interbred mixed breed “intraspecies”  
Nephilim: raping, and keeping hostages, and slaves and eating the “forbidden fruits” which are clearly: human flesh, feces, blood and urine and spend trillions of tax payer dollars covering these and other scientific facts at the expense of billions of sacrificed souls, economic wastes and relative pollution.
- that calcification of the pineal gland through administration and use of synthetic opiates, neurotoxins, statins, psychotropics blocks the spiritual connections and communications to loved ones and the spirit body which seems to explain Kornberg, Barasch, Chilton, Arand and Kulkarni irrational repeated behavior, *Id.*
- Nephilim which appears to be Kornberg, Barasch, Chilton, Arand and Kulkarni cannot form oxytocin bonds with offspring.
- Nephilim which appears to be Kornberg, Barasch, Chilton, Arand and Kulkarni being sterile due to mixed breeding designed Child Protection Services (“CPS”) to steal and prostitute/rape children for more children, they claim are their own. Those children are then interbred and married with intent through planned epidemiology “research” and abducting or forcing marriage to healthy females (who are not bloodline) to use as slaves and “breeders.”, [1 PCT 8-10].

The effects of inter alia, Kulkarni's, Arand's, Kornberg's,

Barasch's and Chilton's sodomization, trauma and torture, they

seemed to have undergone, and their bondage to protect those responsible for these heinous acts against them appears to be prima facie evidence of their suffering from Stockholm syndrome--to wit: in spite of the facts that there are proof positive on records that neither the ghost in case number 17cv314286 (and the subsequent nexus to it: Case Number: 17CH007672) nor US Bank ever furnished any power of attorney to Kornberg, Barasch, Chilton and Severson; Arand, Kulkarni and the British agents have been protecting their abuser, since they appear to be suffering from Stockholm syndrome to wit: their belief in the humanity of the captor because they cease to perceive the captor as a threat when the victims [Kulkarni, Arand, Barasch, Chilton and Kornberg] hold the same values as the aggressor(s) who seems to have repeatedly sodomized them, traumatized them, torture them and raped them.

Additionally, based on their irrational behavior, it appears that Kulkarni, Arand, and British agents Barasch, Kornberg and Chilton have been Medically Neglected, Undiagnosed, Untreated, Suspected Self-Medicating & Incompetent,

Temporally Dead, Dangerous, Predatory Mental Subjects - most likely suffering any combination of the following (commonly comorbid) conditions: Malignant Narcissistic Personality Disorder; Stockholm Syndrome; Muchaussen Syndrome By Proxy; Parasitic Psychosis; Obsessive Compulsive Disorder; Dissociative Identity Disorder; Cognitive Dissonance; Substance Abuse Disorder (including toxic drugged processed foodstuffs) or other co-morbid conditions due to Childhood Ritual Abuse Programming/Grooming in need of Cts, fMRI's (hippocampus/prefrontal cortex/amygdala), Pineal Gland, DNA, BLOOD, URINE & FULL TOXICOLOGY Testing, [1 PT 11].

Regardless of the three possibilities, Id., Kulkarni, Arand and the British agents Barasch, Chilton and Kornberg are danger to our Republic and must be immediately and without any further delay restrained as they are danger to the community.

Based on the above, Petitioner, on or about September 2<sup>nd</sup>, 2020, in Sixth District Court of Appeal, filed his petition for Writ of Mandate or Prohibition and Demand for a Complete Medical Examination of British agents Kornberg, Barasch, Chilton,

Mister Kulkarni, Miss Arand and their culprits as to their mental competency, [1 PT 12].

Sixth DCA denied that Petition at [1 PT 460].

California Supreme Court also denied that Petition [1 PT 4].

The orders by the inferior court was and is void and of no force and effect since it also presumes that there is nothing wrong with Respondents, when the court record clearly demonstrate and prove the exact opposite.

However and in addition, these so called courts not only do not have the jurisdiction to act since they have no judicial power at Article III Section I of the Constitution, but also they have vested interests in systematically and systemically denying Petitioner's [and 10s of millions of other men and women of our Republic] inalienable rights to due process at every turn and hence since they financially benefit from these cases through the CUSIP<sup>5</sup>.

---

<sup>5</sup> the Committee on Uniform Securities Identification Procedures "CUSIP" Number. Every court case is assigned a CUSIP number as financial instruments and monetized/traded on wall street as securities, among the deep state operatives.

Petitioner stated under oath that the false claimants have been committing acts of piracy and grand theft of Petitioner's home, while being aided and abetted by the Respondents, when there were never ever any relationships of any kind among Petitioner and any and all the false claimants, whoever they may be, since the named claimant, to wit: U.S. BANK NATIONAL ASSOCIATION, AS TRUSTEE FOR GREENPOINT MORTGAGE TRUST MORTGAGE PASS-THROUGH CERTIFICATES, SERIES 2007-AR2 ("the ghost") never existed and does not exist and the attorneys have admitted that they have no power of attorney neither from the ghost nor from U.S. BANK NATIONAL ASSOCIATION nor from any damaged party, party of interest and holder in due course of the alleged debt, alleged note [which is forged] and alleged mortgage.

Moreover, attorneys admitted on records that they have no power of attorney from any damaged party, [1 PT 168], [1 PT 203].

#### **B. Trial Court Proceedings**

Based on enacted law, authorized by "We the People", non - judicially, *Id.*, Petitioner filed an action in both California

Supreme Court and the California Sixth District Court of Appeals.

Petitioner asked both California Sixth District Court of Appeals and the California Supreme Court, through issuance of a writ of prohibition or mandate which would require Mister Sunil Kulkarni, Miss Arand and the British agents Kornberg, Chilton, and Barasch to undergo a complete medical examination as to their mental competency, [1 PT 5].

**C. The Court of Appeal Affirms.**

Both California Sixth District Court of Appeals and the California Supreme Court denied the Petitions, [1 PT 4, California Supreme Court, date: November 4<sup>th</sup>, 2020], [1 PT 460, Sixth DCA, date October 16<sup>th</sup>, 2020].

**D. Post-opinion proceedings.**

There were and are many instruments that have been filed in the court of records in California Sixth District Court of Appeals Case Number H047028 which is the nexus to Case Number H047527 clearly demonstrating, inter alia, prima facie evidence of respondents' various diseases which require them to be immediately tested to possibility cure them or in the

alternative indict and ship them to Guantanamo Bay for their crimes committed against Petitioner and countless other men and women of our Republic.

Petitioner explained to the inferior court of records, "The words, "by due course of law," are synonymous with "due process of law," or, "**the law of the land**;" Emphasis added, *Kansas P. R. Co. v. Dunmeyer* Supreme Court of Kansas, if law of the land is not furnished to Petitioner, and the law of the land has not been furnished to Petitioner, then Petitioner has been deprived of his 5<sup>th</sup> amendment right to due process and takings of property by the Respondents and Respondents' culprits, [1 PT 33], [1 PT 54], [1 PT 66]. Petitioner's authority as a sovereign trumps any and all color of law and decisions, to wit:

*"Sovereignty itself is, of course, not subject to law, for it is the author and source of law", Yick Wo v. Hopkins, 118 U.S. 356.*

## **ARGUMENT**

### **A. This Court Should Grant Review Since Public is in Great Risk Due to Respondents' Repeated Misconduct Endangering Our National Security**

The facts are that Respondents Kulkarni and Arand aided, abetted and clearly colluded with British agents at Severson &

Werson in spite of facts on records that British agents working for Severson and Werson do not have and never ever had a power of attorney from neither the ghost--the alleged Plaintiff in Case Number 17cv314286 which is the nexus to Case Number 17CH007672 nor from US Bank by US Bank's own admission based on publically available data on US Bank's own website, *Id.*, [1 PT 298-309].

However, in spite of this and numerous other facts on records that inter alia, Nationstar and its attorneys at Severson & Werson are complete strangers to Petitioner, Petitioner's home, to the alleged mortgage and the alleged loan presented to Kulkarni and Arand, because they and their culprits at Severson seems to have been raped, sodomized, tortured and traumatized yet continue to attempt to protect their abusers which is prima facie evidence of their suffering from Stockholm syndrome among other diseases that they seem to suffer from, they must be collectively completely medically tested as this is a matter of National Security, to wit: their attempts to steal monies and properties for the pedophiles, sex and human traffickers, MS13, drug cartels using ruses such as people's homes and using those

ruses [homes] to complete laundering monies for pedophiles among others when the attorneys at Severson & Werson do not have any authority and never ever had any authority to contact Petitioner in any form and matter, whatsoever.

This situation is a compelling case for review of a court of appeal decision to "secure uniformity of decision" particularly when the courts across our nation has been facilitators of the crimes of grand theft, extortion, demonization, stalking and other unlawful acts, errors and omissions severely damaging the People of our Republic. Without guidance from this court, People of this Republic will enjoy success or failure depending on where they bring their actions. Moreover, Consumers have an interest in avoiding being railroaded by courts across this Republic.

Any and all briefs and papers filed by the in British agents in courts below are barred under the doctrine of lack of subject-matter jurisdiction by operation of Federal Law. There are no exceptions under the statute, *id.* Fed. R. Civ. P. Rule 12 (h) (3), Lack of Subject-Matter Jurisdiction.

## **REASONS FOR GRANTING PETITION**

The People of this Republic must be left alone by pirates such as Nationstar and its attorneys at Severson & Werson when based on facts on records, there is no power of attorney from neither the alleged Plaintiff in Case Number 17cv314286 which is the nexus to 17CH007672 nor from US Bank, *Id.* to the British agents at Severson & Werson.

In spite of these facts on records, both Kulkarni, Arand and their culprits have repeatedly aided and abetted British agents at Severson & Werson to steal monies and properties from Petitioner which is the cause of action in this Petition.

Clearly Kulkarni, Arand and the British agents' repeated irrational behavior, *Id.*, has been triggered by their diseases, *Id.*, otherwise, long ago, these frivolous law suits must have been dismissed and Petitioner would have been made whole due to gang stalking of these inbred/interbred mixed breed "intraspecies" Nephilim and damaged vessels such as what appears to be Kornberg, Barasch, Chilton, Arand and Kulkarni who seem cannot feel human emotions due to genetic differences or mutations in the brain (it is believed the differences/damages

will be found in the prefrontal cortex specifically in the amygdala, hippocampus, and pineal gland), [1 PT 9].

Public is in great risk due to these creatures who seem to have some major sickness and disease which prevents them from acting rationally and lawfully, in short they seem to be incapable of differentiating wrong from right, and that is why there is absolutely a need for complete medical examination of them who appear to be the mixed breed hominids, a coup of diseased and disordered creatures who continue: oppressing, defaming, raping, framing, eating, robbing, stalking, harassing, harvesting, and farming the citizens in the United States of America, who appear to be relatives of Nephilim from the Book of Enoch and casually classify themselves as “subclinical psychopaths”. Once again, these are matter of National Security risks, Respondents must be completely, medically tested.

Because the lower court cases--17cv314286 and 17CH007672, unpublished opinions as well as other courts of appeal and lower courts have led to disregard established Federal law and clear unambiguous statute, *Id.*, that in any controversy there must be at least two parties, when there is none, since, inter

alia, the British agents working at Severson & Werson do not have and never ever had a power of attorney from neither the ghost nor from US Bank, *Id.*, and the inferior court administrators Kulkarni, Arand and their Co Parties Agent(s) Principle(s) aided and abetted British agent(s) to continue to economically, emotionally and physically harm Petitioner, this court is invited to correct the previous court administrators clear errors of law, *Id.*

### CONCLUSION

For these reasons, the petition for writ of certiorari should be granted.
