1. Introduction:

This is a Petition for Rehearing in Good Faith for my Petition for an Extraordinary Writ with the Petition for a Writ of Mandamus civil case number 20-671 that was docketed on November 16, 2020. I sincerely and humbly thank Nine Supreme Court Justices and their staffs for reviewing my case. I sincerely thank Case Analysts and Clerks Michael Duggan, Jeffrey Atkins and Scott Harris for the technical guidance.

It will be a great honor to be present during or after the upcoming Conference for a Rehearing in Good Faith per the discretion of the Supreme Court.

2. Purpose of a Rehearing in Good Faith:

Herewith, comes Atul C. Shah, an attorney and Petitioner, presenting the Petition for a Rehearing in Good Faith per the Supreme Court Rule 44. This is the corrected 14-page petition supported with the

substantial grounds and the controlling effects that were not previously presented in the explicit manner prior to the deadline of March 5, 2021. I am submitting three hard copies on 8 “- 11” paper as recommended by the clerk Jeffrey Atkins.

3. Modern Educational System is the Dictatorial and Autocratic in Nature:

As described in my Petition for an Extraordinary Writ case number 20-671, I believe that the Modern Educational System that includes the Modern Law System, Modern Science & Medical Science and the Modern Internet Technology is Dictatorial and Autocratic in nature as described repetitively in my 10 plus legal briefs and articles per my humble opinion and observation.

Modern Educational System is in dire need of the Higher Dimensions and Transformation.

I. Higher Dimensions with the Modern Law System

II. Higher Dimensions with the Modern Science

III. Higher Dimensions with the Modern Internet
Technology

Modern Educational System needs transformation
and Higher Dimensions to be the democratic, people
friendly and the compassionate system for all.

4. **Description of the Cause and Effect:**

The Cause is always present in the Effect whether
Good or Bad, Substantial or Insignificant, with
Ground or Groundless. For an example: the
defective, cruel and exclusivist doctrines of the
Primary Ten Man-made US Constitutional
Amendments is the Primary CAUSE of the Racial
Discrimination against entire Black Race and Sexist
Discrimination against White and Asian Women for
centuries. The CAUSE is always present in the

EFFECT as described in my petition 20-671 on page numbers App 469 to App 476 in the **Appendix O**.

5. Primary Ten US Constitutional Amendments are defective, cruel and exclusivists in nature:

Primary Ten US Constitutional Amendments are defective, cruel and exclusivists in nature requiring additional 17 Amendments totaling 27 US

Constitutional Amendments. There is a dire need of the Final and 28th US Constitutional Amendments per the Vedic Wisdom as described in my Petition Case number 20-671 on Page 74 to 76 for the detail.

6. If you are a Black, you are a Slave:

This is the famous and unfortunate mandate that has been engraved within the Primary Ten Man-made US Constitutional Amendments compiled by the Founding Fathers of the Declaration of Independence on July 4, 1776. This historic fact is well known to every Modern law Practitioner of this

small globe. This is the defective, cruel and
exclusivist amendments requiring additional 13, 15
and 19 Amendments for a fair justice for the entire
Black Race, White and Asian females.

7. Founding Fathers were owners of the Slaves:

We all know well that half a dozen of the Founding
Fathers including the first US President George
Washington were owners of dozens of slaves from the
Black Race that is known to everyone.

**8. Dr. Nathan Davis, MD is Father of AMA and
Apology by AMA:**

This is the best example of the CAUSE that is
always present in the EFFECT whether Good or
Bad, Substantial or Insignificant and with Ground or
Groundless. It is a fact that late Dr. Nathan Davis,
MD practiced heavy-handedly the Racial
Discrimination and Sexist Discrimination as the
AMA President until the Civil Right Act of 1964.

Apology by the American Medical Association was a welcome and compassionate gesture by the AMA.

The Civil Right Act of 1964 was put into the motion for dismantling the Racial and Sexist discrimination against the Black Physicians and the White and Asian female physicians for a century.

9. **“If You are a Hindu, you are a Bigot” –**

California Vs Cisco System Case:

This is another and recent example of the defective, cruel and exclusivist nature of the Modern Law System practiced in the USA. The Cause and Effect are eternal and never be extinguished by anyone.

However, the CAUSE & EFFECT can be transformed into a compassionate and friendly category as described in Description of Science of Relationships in the page number App 644 in my petition 20-671. In other, word, the defective, cruel and exclusivist primary Ten US Constitutional

Amendments can be TRANSFORMED into a friendly and compassionate amendments.

10. Breach of the Public Trust by Chairmen and CEOs of the Modern IT Companies:

The marvelous Internet and Computer Technology was created in the USA a century ago by the will of the Supreme Personality of Godhead for a specific purpose of the Global Prosperity, Global Peace and Global Enlightenments with End of the Atheism, Immorality and Terrorism. However, the lucky Chairmen and CEOs of the wealthy IT companies such as Microsoft, Google, Amazon, Facebook, Yahoo and Dell etc. became fabulously "Rich and Famous" with help from the Modern Law System and Patent System of the USA, India and other countries.

Chairmen and CEOs of IT companies are unable to described scientifically the "Fundamental Principles of the Internet and Computer Science" for a century.

This is the best example of the BREACH of the PUBLIC TRUST that has been superbly Concealed by the Chairmen and CEOs. Only the Vedic Wisdom of the Vedic Literature: the Supreme Science of India can unravel the Fundamental Principles and the Final Puzzle of the Modern Internet and Computer Science mysteries as mentioned in the Appendix R.

11. Justice is Justice and not the Just-ice:

We know that the favorable justice bestows Fame and Wealth and the unfavorable justice brings the disappointment and infamy for the defendants in civil or criminal cases. In the criminal cases, the favorable justice brings the acquittal and unfavorable justice brings the imprisonment.

However, the justice may be COLD, CALLOUS and SHIVERING just like the ice for many defendants. I have great experiences of multiple JUSTICE or JUST-ICE verdicts from 2008 to present.

12. No harm to be a Respondent by the Scotus:

In this historic and unprecedented civil case number 20-671, the honorable Supreme Court is designated as one of the RESPONDENTS per the Supreme Court Rule 20.2. I sincerely believe that the honorable Supreme Court should not be hesitant to play a role of the Respondent in this case. However, the Supreme Court is the Supreme Court all time.

13. Real Freedom, Liberty and Independence:

This great point has been described in my legal brief Petition for an Extraordinary Writ with Petition Case number 20-671 on page App 651-652.

14. Comparative Study of the Constitutions:

There are prominent Modern Constitutions compiled by the Modern Law Practitioners in India, USA, United Kingdom and other countries within last five plus centuries during our modern time.

- I. The Constitution of India is the GOLD MEDAL WINNER Constitution. The Constitution of India is the oldest and perfect Constitution about FIVE THOUSAND PLUS YEARS old based upon the eternal Vedic Wisdom of Sanatana Dharma.
- II. The Constitution of USA is the SILVER MEDAL WINNER Constitution for last 250 plus years for the citizens of the USA.
- III. The Constitution of United Kingdom is the BRONZE MEDAL WINNER constitution for last less than 500 hundred years for the citizens of the UK.
- IV. Mother Earth or Bhumi-devi is divided artificially into 195 countries. Also, every country whether Democratic, Communist, Autocratic, Dictatorial or Atheistic country has a Good or Bad Constitution. The constitution of the Red Indian Tribes of the American Continent is primitive and disorganized

in nature. The constitutions of the Middle-eastern countries are full of the Terrorism and Brutality.

15. Absolute Compliance and Amicable Resolution:

Herewith, I am expressing my sincere desire to accept and abide by the multiple verdicts rendered by the Nine Honorable Supreme Court Justices during the Conferences of 2015 and of 2021.

I am humbly and respectfully praying to the honorable Supreme Court of the United States for rendering the following ORDERS for a fair justice.

A. ORDER that the Motors Liquidation Company GUC Trust pay ONE DOLLAR compensation for the discrimination based upon the Religion, Nationality, Color and Age.

B. ORDER that the wealthy IT companies Microsoft, Google, Apple, Yahoo and Dell etc. to pay 10 plus million dollars for the Breach of

Public Trust. Dr. Atul C. Shah, MD will be providing the Higher Dimensions in “Description of the Fundamental Principles of Internet and Computer Science Mystery” per the Vedic Wisdom as the Research Director in Metro-Detroit area.

C. I have sincere desire and have the excellent physical, mental and spiritual capability working for five plus years as the Research Director at the research facility located in the Metro-Detroit area per my preference and wish.

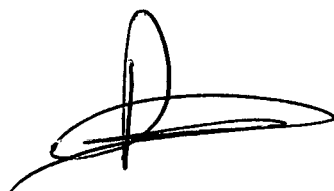

D. I would like to assure that there is not a slightest intention of blasphemy, defamation or the contempt of the court by this humble-self Atul C. Shah, MD at present, in past or in the future.

E. I greatly admire the American Spirit – relentless pursuit to realize the Absolute Truth.

Conclusion

I am praying and requesting again to the honorable Supreme Court of the United States for kindly granting the Petition for an Extraordinary Writ with the Petition for a Writ of Mandamus with a Rehearing in Good Faith for this historic and unprecedented civil case.
