

QUESTIONS PRESENTED FOR REVIEW

- 1. Can The Supreme Court of New Jersey Deny Certification on November 20, 2020, only after petitioner Moretti was found incapacitated (Ber-P-521-18) after a trial at which Moretti was not allowed to choose his own attorney, while appointed counsel Lawrence Meyerson refused to produce the only expert defense witness, Joel Federbush.?**
- 2. Can the Borough of Paramus bypass the New Jersey Tax Court, fire Moretti as a Paramus Election Judge and High School teacher, in order to demolish 197 Alpine drive, and put up a \$2,500,000 home, typical of nearby houses?**
- 3. Can the Probate Court rely upon the MMSE test for a finding of incapacity of a Senior Citizen, while using tax appeals to move forward on the basis of factual hearings?**

Statement of the Case

Petitioner Moretti is threatened with loss of his home of six decades, despite the state courts failure to try cases involving the bank hold-up at Citibank, the Kefauver Crime crusade, and multiple unsolved murders. The attached "Index of Notice of Issues in Record Below" substantiates this.

Petitioner testified he was born in the county jail prematurely, in November, 1938. This was trumped by the surveillance of the Morettis stemming from the 1931 murder of William J. Brady, taxi fleet owner (River St., Hackensack, N.J.) The military added to this surveillance by attaching petitioner to the Morettis, and marching him off to war (described in Upton Sinclairs Lanny Budd series.).

The N. J. Supreme Court remembered that John E. Selser represented Moretti in the Brady matter, and published his criminal contempt at 15 N. J. 393, May 17, 1954. The N. J. courts follow the high court.

Petitioner's historical studies at Fordham College advised of the creating of the Department of Defense, and the signing into law of the National Security Act by Truman in 1947. But Truman was anti-communist, lumping together Russian civilization with the Stalin regime. This military control of the civilian police in America is evident at the Calvin Collidge firing 1000 Boston policemen, who were on strike after WWI. This issue is now before us with the attempt to appoint General Lloyd Austin to head the Pentagon. He has not been separated from military service for seven years.

Without an understanding of the political economics from Karl Marx to Georges Sorel, no amount of time will provide for the expertise necessary to command

the Department of Defense. Petitioner attempted to correction that, due to his psychology degree from the G. W. U. New Jersey does not want petitioner to teach despite the \$200,000,000 per year allocated to the Boards of Education of Hackensack and Paramus. Who needs a student who studied Slavic literature at G. W. U. on the faculty?

During WWII petitioner Moretti may have visited the King of England, the pope at the Vatican, and Carl Jung in Switzerland. But his visit to the KGB trumped all that. Disabilities owing to the resulting impairments are ignored.

The Pentagon lost \$6.5 trillion in 2015. The War Against Terrorism, the War Against Crime, and the avoidance of a balanced budget are now an issue.

Why would Truman take eight-year-old petitioner with him on the 1948 Truman Special Campaign Train, except to win a democratic election against the Republican challenger, Thomas Dewey. Dewey knew the laws which protected criminal defendants To Truman, Dewey was soft on communism, as was Vice-President Wallace.

Petitioner Moretti spent five years in Washington, D.C. at G.W.U., and holds a law degree from New York Law School. Why allow him to earn a living? Maybe he too is soft on communism?

SUPREME COURT OF THE UNITED STATES
WASHINGTON, D.C.

SALVATORE J. MORETTI,	:	ARGUMENT IN FAVOR OF
Petitioner	:	GRANTING THE PETITION
vs -	:	FOR CERTIORARI
	:	
BOROUGH OF PARAMUS,	:	
Respondent	:	

Petitioner Salvatore Moretti secured the legal services of Robert Hollis, Esq. of 90 Main Street, Hackensack, N. J. Hollis lost my cases, but he was disbarred. Petitioner secured the legal services of Edward Evans, Esq. of S-10 Route 17, Paramus, N. J. He too lost my case, and lost his building.

By that time, Petitioner graduated from the New York Law School. He hoped to represent himself under a sole proprietorship. He ran against Frank C. Zisa for city council. [Fn. 1. Zisa won, supported by Stephen Moses, who married Bergen's assignment judge.]

Moretti was born in 1938 during Kristillnacht in the Bergen County jail, during his birth mother's first trimester. She was executed, leaving petitioner in an incubator for six months until his lungs developed so he could breathe the air. This attracted Roosevelt attention due to Eleanor and Doris Duke visiting children in distress.

Petitioner researched in his family archives, learning that attorney John E. Selser represented William Moretti in 1931. [Fn. 2. In re Selser, Supreme Court of New Jersey, 15 N. J. 393, 105 A. 2d. 395. At issue was the death of the Railroad Avenue, Hackensack death taxi service owner, William Brady. Selser was found in contempt of court. One Superior Court judge told petitioner his negative decision was due to the "law of the case for Morettis."

Petitioner was sitting on his front lawn in Hackensack when Michael Mordaga walked up to Park Court Apartments. Petitioner said "Hello," and Mordaga placed him in a hammer lock. Mordaga was fresh out of high school, but in uniform. Years later petitioner read Jean Rimbach's Record newspaper article stating Mordaga was involved in a \$100,000 kickback in the Teterboro jet crash. On February 2, 2005, a jet crashed into the Strawberry plant across Rte. 46. Lawyer Weiner paid Mordaga \$100,000; Weiner died in 2015. Mordaga left the Prosecutor's Office in 2007, along with John Molinelli, who was removed by Gov. Chris Christie. Molinelli attended N. Y. Law School with petitioner. [Fn. 3. Frank Lagano was shot to death April 12, 2007 in front of the Seville Diner, in East Brunswick, N.J.; Mordaga had revealed Lagano as an informant. By that time, Mordaga was living in a \$1.3 million home in Paramus.]

On October 18, 1989, Mordaga chased Collier and Jones into Apartment 312, 370 Park St., Hackensack, breaking down the door; Mordaga arrested them for narcotics. The Appellate Division ruled against the break-in. The Supreme Court of N. J. reversed, New Jersey v. Leo R. Jones, 143 N.J. 4.

On January 31, 1992, Michael Mordaga signed a complaint against Eric Winfield for narcotics use at petitioner's Park Court Apartments. Petitioner lived across from Stedtler's apartment, 395-D. On May 8, 1992 at 10:30 P.M. Susan Stedtler was arrested in her apartment. Petitioner had been knocked unconscious twice in the courtyard while superintending Stedtler's apartment. When petitioner attempted to intervene with Ellen Koblitiz (she was public defender to Stedtler), he was refused. Stedtler was sent to Edna Mahan prison away for three years.

Dr. Coccoziello, the owner of 370 Park Street, Hackensack's 72 unit apartment building offered to buy Park Court for \$1,000,000. He was run out of the city by hundreds of fire alerts, each costing him \$200.

On June 19, 1993 at 6:48 P.M. petitioner was talking to Bernard Fayehun, a tenant at 390 Park St. Killian Osuji of Apt. 116, 370 Park Street, drove up and punched petitioner in the head, and then grabbed Fayehun. Petitioner filed a complaint against Osuji in the Bergen District Court, No. 012915-93. Fayehun was attacked again, his hand being repeatedly injured [he was an auto mechanic]. Appearances resulted in Hackensack's Judge Louis Dinice recusing himself. Other judges were unable to receive testimony from Fayehun, who repeatedly landed in hospitals.

After the Newark U. S. District Court denied the Lagano appeal, the U. S. Court of Appeals [Case No. 13-3232, Estate of Frank P. Lagano v. Bergen County Prosecutor's Office, and Michael Mordaga, et al] in Philadelphia overturned that

judgment, returning the case for trial. Petitioner conferred with Erik Kleiner, who handled the matter after Lagano lawyer died.

When the foreclosure of Park Court was before Sheriff Ciccone, petitioner submitted reports to the foreclosure unit.. One described a bank robbery at the Citibank on Canal Street & Broadway, in N.Y.C. On August 8, 1994, Petitioner was robbed of the payment for the Hackensack Water Company bill – from a judgment by Judge Ellen Koblitz, who replaced Judge Ralph Polito as Presiding Judge of special civil part.[App. 135] Ciccone refused a Sheriff's Sale. Ciccone suffered bad press, and was removed from office amid much ado; a substituted sheriff foreclosed.

Incidents Petitioner reported to Ciccone involved house fires at 111 Passaic Street (March 10, 1978), and 115 Passaic Street, Hackensack. Both fires appeared the result of arson. A barking dog kept petitioner's tenants up for three years. At Least six houses on Park St. were hit by major fires, including 390 Park St. Ciccone's relatives faced criminal charged due to a house fire. Ciccone had to confess selling sheriff's badges, and that he was gay.[March 31, 2001, N. Y. Times]

John J. Fahy, a former Bergen County prosecutor, committed suicide July 18, 2013. He was a 58 year old Seton Hall Law graduate. His body was found under the Route 17 overpass in East Rutherford, N. J. near his home. N. J. Governor James McGreevey was forced out of office in 2004 – admitting an affair with Mr. Cipel.

Governor Jon Corzine was seriously injured in car crash driving from Trump Taj Mahal to Drumthwasket April 12, 2007.

Abe Reles fell from the sixth floor of the Half Moon Hotel in Coney Island. At the N. Y. Law School, a "lawyer" threatened to throw petitioner me out of the sixth floor of A-Building. He refused to close the window despite freezing weather.

Judges and legal staff are required to follow protocol, a.k.a. law of the case. The picture emerging in the appended documents show that a eighty year residents is being victimized by doctors (the MMSE Test), due to such questions as "who the president of the U. S." This psychiatric test cannot solve all New Jersey's problems.

Petitioner repeatedly stated to opposing attorneys that after meeting F.D.R. at Hyde Park, N.Y., he traveled to Europe during WWII. He met Dr. Carl Jung (Swiss psychiatrist); Bertrand Russell (English mathematician), Martin Heidegger (German philosopher, Being and Time, Sein und Zeit), Jean Paul Sartre, Being and Nothingness, Pope Pius XII, Mussolini and Hitler, etc. This was ignored in the proceedings below.

Myerson's defense before Judge DeLuca was meaningless – he did not cross-examine any psychiatrist, and did not call Dr. Joel Federbush. Moretti's family members were executed due to failure to perform suitably under contempt of court rulings. The state judiciary relies on the criminal contempt by Selser. Law schools review cases with little review of historical relevance, nor of international conflicts.

~~"Lawyers" emerge with a vocabulary, but no practical know how.~~

The death of F. D. R. was misreported as polio, while ghillian-barré syndrome is more likely. Did Truman gain the presidency just to drop an atomic bomb? Why was petitioner aboard the Truman Special in 1948 to defeat Dewey? Truman did not

attend college or law school, as did F.D.R. and petitioner. Stalin operated under a single party system, the Bolshevik party; F.D.R. faced mid-term elections.

The 1891 murder of police chief Henderson in New Orleans, Louisiana, until the 1950's Kefauver Crime Hearings, an anti-Italian, anti-Jewish "Murder Inc." legal problem haunts petitioner. He was used as a magnet to draw in for the kill members of the Murder, Inc. gang.

The N. J. courts refuse to consider the U. S.S. R. The people die due to the murder of Tsar Nicholas and his entire family on the night of July 16-17, 1918. WWI was begun with the assassination of the Archduke Ferdinand and his wife. June 28, 1914 in Sarajevo.

Petitioner's family was tried during the economic collapse of the N. Y. Stock Exchange in 1929. Consider s the following from Valenstein Brain Control:

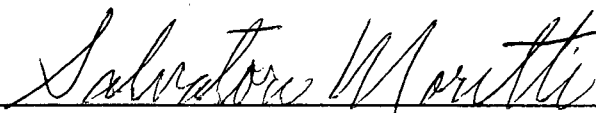

Men ought to know that from the brain and from the brain only arise our pleasures, joys, laughter, and jests as well as our sorrows, pains, griefs, and tears.... It is the same thing which makes us mad or delirious, inspires us with dread and fear, whether by night or by day, brings sleeplessness, inopportune mistakes, aimless anxieties, absent mindedness and acts that are contrary to habit....

Hippocrates (c. 400 B.C., The Sacred Disease.

The economic loss of the petitioner's property in Deal, N.J., the 40 acre farm at Lincroft, N.J., the apartments in Hackensack, N.J., and the house on Alpine Drive, Paramus, exceed \$9,000,000. Business losses by family members are much more. Petitioner hereby seeks acceptance of his Petition for Certiorari.
