

SUPREME COURT OF THE UNITED STATES

ERIKA JACOBS,

APPELLANT,

CASE NO. 20-7933

VS.

35 WEST APARTMENTS

APELLEE.

**MOTION OF RECONSIDERATION**

I received a request from the Clerk of Court around the Thanksgiving Holidays to resubmit my timely Motion of Reconsideration with additional verbiage. There is nothing I submit to court as stated in the previous Motion of Reconsideration that is to waste time. I am being violated and that is why my case is being resubmitted. I was in compliance with Rules 44 at the onset of submission of my initial timely Motion of Reconsideration. The grounds are stated in the numbered sentences below as before.

**I certify that the petition for rehearing is presented in good faith and not for delay.**

Comes Now Erika Jacobs, Appellant, in the above styled case to request my writ of certiorari be reviewed not by clerks who consistently deny meritful certiorari but by the chief justices as is required by law. I am asking that my writ of certiorari be re-reviewed by the chief justices for the following reasons:

1. The unconstitutional behavior of presiding judge and defendant's attorney
2. For the case president value to the country.
3. Judicial ethics are in question for the judges involved
4. Systematic misconduct of the court system in Oklahoma

The court system cannot continue to overlook the issues of citizens who are being violated by businesses. Thus, promoting the rise of unfair business to citizens all over the country. If justice is never served it will not be rendered. I am asking for reconsideration of the merit fullness of my writ of certiorari. I received the order on October 14, 2021. This is a timely motion of reconsideration.
