Plaintiff-Appellant,**

**THE UNIVERSITY OF IOWA  
and IOWA BOARD OF REGENTS,  
Defendants-Appellees.**

---

This matter comes before the court, Appel, Waterman, and McDermott, JJ., upon a jurisdictional issue. The appellant filed an informational notice of appeal with the clerk of this court on October 19, 2020, seeking review of the district court's October 12, 2020 order confirming the dismissal of his claims. On December 8, 2020, this court noted a possible lack of jurisdiction because the appellant had not filed a notice of appeal with the clerk of the district court, and ordered the parties to file statements. On December 11, 2020, appellant filed a notice of appeal with the district court clerk, as well as a statement with this court. Appellees filed a response.

An appeal is taken by filing a notice of appeal with the clerk of the district court where the order or judgment was entered within the applicable time period. Iowa R. App. P. 6.102(2). In most instances, failure to comply with this rule means the court lacks jurisdiction to hear the appeal. *Hills Bank & Trust Co. v. Converse*, 772 N.W.2d 764, 771 (Iowa 2009). The court finds the 53-day delay between service of the informational notice of appeal via the electronic filing system and the filing of the notice of appeal in district court was not reasonable, and therefore the court lacks jurisdiction. *See Evenson v. Winnebago Indus., Inc.*, 922 N.W.2d 335, 336-37 (Iowa 2019) (discussing cases regarding reasonable time).

Upon consideration, the appeal is dismissed.
