Clerk of the Court  
Supreme Court of the United States  
One First Street, NE

Re: *Abitron Austria GmbH, et al. v. Hetronic International, Inc.*, No. 21-1043

Dear Mr. Harris:

We represent Respondent Hetronic International, Inc., in the above-referenced case. This case was originally calendared for argument in the February 2023 session, with Respondent's brief on the merits due January 18, 2023. The Court recently removed the case from the February 2023 session in anticipation of it being recalendered for argument in the March 2023 session.

In light of the additional time before oral argument, and due to the press of other commitments in this Court and other courts, Respondent requests an extension of nine days, to January 27, 2023, to file its brief on the merits. Counsel for Petitioners consent to this extension.

After conferring with counsel for Petitioners, counsel for all parties also jointly request that the due date for the deferred Joint Appendix be extended to February 3, 2023, to allow for that document's orderly preparation.

If the foregoing relief is granted, the briefing schedule for this case going forward would be as follows:

Respondent's brief on the merits	January 27, 2023
Joint Appendix	February 3, 2023
Petitioner's reply brief	February 27, 2023

For these reasons, Respondent respectfully requests the above extension for its brief on the merits, and requests on behalf of the parties the above extension for the deferred Joint Appendix.
