### QUESTION (S) PRESENTED

After filing case within the lower court and being dealt unfairly.

I immediately filed with the Third district court of appeal. On January 16, 2020 I received the decision from the 3-DCA, in which the ruling was followed by the lower court decision timely filed.

After sending all correspondence in my brief showing that the filing was within the statute of limitation. The 3-DCA overlooked the recorded court documents. I then filed my case with the Supreme Court of Florida seeking justice. On March 2, 2021., After re-submitting my brief, it was then excepted and logged into the filing court system.

On April 5, 2021. I the Petitioner reached out to the clerk of court Miss Bernard, concerning the Respondent not filing an answer brief. On that evening I checked the filing portal. The Supreme Court of Florida had recorded Order- Brief None Filing Answer Brief. I waited patiently on the supreme court of Florida ruling.

On April 21, 2021. I received an email decline to except jurisdiction.

After filing and submitting supporting documents, on behalf of my case in which I have been, undergoing since the day of the mediation. (April 7, 2017) And the day case was filed back in court April 1, 2019. And the respondent not filing an answer brief with the courts, and the court declined jurisdiction. I am aware that they can decline jurisdiction. "But" after receiving supporting documents from the petitioner, and nothing in writing from the Respondent is clearly unjustifiable. I am not an attorney, but I know right from wrong, and this is clearly wrong doing to anyone. I am like a parent that child has been injured. And I can't stop until he or she is better. I am now to the mercy of the supreme court of the United States. In God we will trust. I'm at your mercy now. I ask that you review the timeline on timely filing and all court documents.

Sincerely:

Falisha Bell
