I'm sorry Mrs. Hart about my grades being so bad. I honestly during that semester had financial problems and living arrangement problems. I spent most of my 1st year in college almost homeless. I slept in my truck then went to school the next day. My family does not support me while I'm in college. So, every day is a struggle. I just recently got a job a month ago. The work is temporary through Remedy and I'm currently working at Revlon warehouse on Melson st. I might be unemployed soon because its a temporary job. I did the application for the work study program and waiting to start. Also, I'm waiting on Liberty Insurance to call me back to start. I'm just patiently waiting for things to get better for me.. Thanks for your time! Have a good afternoon

I currently receive mail at the address on file. Its my family's house but I don't stay there. I currently rent a room week to week or month to month. I don't have my mail sent here because I have other roommates and don't want to lose any of my important mail. My mom allows me to have mail sent to her house. My mom and dad are divorced and remarried. I was their marriage child, but they forgot about me. My mom has her own new family and my dad has his own family as well. Sometimes it makes me want to cry because you are never suppose to forget about your blood kids no matter what. I'm a soldier I will just tough it like I been doing. What don't kill us makes us stronger! I know I'm a strong guy and pride of everything I've done if nobody else cares. Thanks for your time! Have a good afternoon Mrs. Hart.

Hi Percy,

Thank you for taking the time to explain the circumstances that may have contributed to the grades, I really appreciate that. I can see you are dedicated to doing well in the program. What is your housing situation now, is it more stable? I'm glad to hear of the temporary job and have been copied on the emails between you and Daryl regarding your work study application. I will request your updated enrollment certification from the school as it has not come through yet – that way nothing will be standing in the way of you starting work study, if you are selected. For what it's worth, the fact that you emailed me back so quickly with such a considerate and grammatically correct email is noticed on my end – I will put in a good word with Daryl for you.

Good morning Mrs. Hart, I would like to start by saying, I really appreciated the opportunity you gave me to work with everyone at Vocational Rehab. I know, I am not very social but I have a lot of things on my mind all the time. I always have to plot on my next move. So, I spend a lot of time quiet and trying to learn something new. Mrs. Hart I'm trying every day to do better and work harder. Like I said, in my earlier message I have no family I can depend on that's why I try so hard on working and school. I started a new night job a couple days ago. Every thing seems to be getting better thus far, but we all have some skeletons in our closets. I might have to leave town one day and may not be able to come back. I grew up with hard times. I use to walk 3 miles to and from high school. I was raised in a bad neighborhood and I have a lot of problems from past trying to haunt me now. I will continue to work and go to school that is my goal. I got a lot of people who don't want to see me do good. So, I always prepare for war in times of peace. I just wanted to let you know I really appreciated the opportunity to work with every one up at Vocation Rehab. Mrs. Hart the staff is some of the best people I have ever worked with and it has been a true pleasure working with every one. Thanks for your time Mrs. Hart! Have a good morning!

Good morning Mrs. Hart, I remember in one of our earlier conversation talking about having to leave. Well, I have a serious emergency that requires me to leave immediately. It is a life and death situation. I would just like to say it has been an absolute pleasure working with your staff. They are some of the best people I ever had the chance to work in my life. I have one last request before I leave. I need Mr. Neil to please give me the last 2 hours I need and submit my time card. I really need that boost with this new situation developing. Always a pleasure Mrs. Hart. Please talk to Mr. Neil, I really need him to do that favor. I really need that favor more than anything. I might not be alive soon. I can't really get into details. Percy, I've told Neil to go ahead and close out your work study contract and pay you out. He tells me that it usually takes several days to get the funds. In the meantime I'm letting your school pay keep running and will worry about that whenever they send an updated enrollment certification. I will grant mitigating circumstances and let you keep whatever possible. I understand you don't feel comfortable giving me any more details, but please know that I am here and will help however I can. I am still very worried about you.

Good afternoon Mrs. Hart, I got a situation and debt is not my concern my life is. I had to leave the school or die. I am just trying to leave. I am running low on funds. All I am request is what i asked early for you to tell Mr. Neil. I would never walk away from school or work study unless it was serious. I am so depressed and worried. I just need that last favor I asked early. This is about my life not debt. Some times people don't want to see you do good and you die. I am just trying to leave so I left.

Hi Percy,

I tried to call you but got your voicemail. I am very worried about you after reading your last email. I need to know that you are okay. Are you leaving Jacksonville completely? Are you coming back? Are you dropping out of school? Are you quitting work study? You have a running subsistence award for school and an open work study contract, I want to make sure you get paid for the work study part and that you don't end up in a debt with subsistence. I am very concerned about you and want to help any way that I can, even if it's just making sure you won't end up in debt. Please tell me anything you can so that I know how best to help you. Please contact me by email or phone asap.

floor. I observed a bleach container on the dresser and there appeared to be blood on the cap and on the container. There was a green Brillo pad on top of the dresser that was stained with blood. A green bucket on the floor in the bedroom contained two Brillo pads in it that were saturated. There was a white stool in the bedroom that had a box of garbage bags on top of it as well as a round blood stain possibly from the bucket being placed on the stool.

The mattress was void of any sheets and blankets. There was a shoe box, a pair of shoes, and a white towel on the bed. I examined the items on the bed for blood however there did not appear to be blood on these items.

We observed small stains on the ceiling of the bedroom. The stains on the ceiling were marked with scales marked UK1, UK2, UK3 and UK4. We took photos of the stains. A presumptive test of the stains yielded a negative result. A sample of each stain was collected utilizing an individual sterile swab.

Detective Kipple and I collected evidence from the bedroom.

Once the evidence was collected from the bedroom, Detective Kipple and I sprayed the walls of the bedroom as well as the inside of the bedroom door with Blue Star/Luminol to determine if there was evidence of clean up on the walls and door. The luminol/Blue Star did react with the blood present on the floor however there was no evidence of clean up on the walls or the door. We took photos of the results of the Blue Star/Luminol.

We searched the bedroom further and moved the mattress for additional evidence. We located a machete knife under the mattress. Det. Kipple tested a stain on the tip of the knife with a presumptive blood test however the test was negative. The knife was collected.

All evidence collected was packaged and placed in the Property Room.

Det. Kipple and I concluded our investigation at this scene at 2020.

Det. Kipple took measurements of the scene to complete a diagram under a separate report.

1043: Detective Chizik and I arrived back at the Scottish Inn located at 3888 US-17. There, we met with Jacksonville Sheriff's Office Evidence Technicians S. Wells and J.S. Bruce. I briefed them on the investigation thus far. Also at the scene was Richmond Hill Police Department Cpl. R. Linton who was securing the scene. Cpl. Linton advised that Cpl. J. Frost and he secured the scene throughout the night.

1127: I entered the hotel room with ET S. Wells. I observed a laptop computer on the nightstand and a Metro PCS cellular telephone on the bed. I observed a box of 380 caliber ammunition on the bed. The box contained 21 live rounds. A computer bag and gun cleaning kit were located on a chair inside the room.

ET Wells opened the evidence bag that contained the handgun found under the mattress by Detective Chizik the prior evening.

ET Wells advised the gun magazine located inside the gun contained six live rounds. She further advised me that she located what appeared to be blood on the lower receiver of the gun. ET Wells tested the substance and verified that it was, in fact, blood.

Writer's note: The handgun was left in the secured hotel room overnight, so it could be processed by ET Wells at the scene.

1130: Detective Edwards was contacted by Sergeant John concerning transporting the suspect's vehicle to Jacksonville from Richmond Hills, Georgia. Detective Edwards was told that a truck assigned to the Dive Team had been arranged and a flat-bed trailer had been rented through U-Haul.

1230: Detective Silcox obtained the security video at the Walgreens from manager Bebout.

1240: I provided ET Bruce the gun magazine and live rounds removed from the pants Stucks was wearing the evening prior to be entered into the Jacksonville Sheriff's Office Property Room.

Writer's note: The gun magazine and live rounds recovered from Stucks' pants pocket the prior evening had been secured in Detective Chizik's vehicle locked trunk

For further details of the processing of the hotel room, refer to ET Wells supplement report, and the Evidence Technician photographs.

1241: Cpl. Linton advised that he would follow the tow truck that was going to remove Stucks' Chevrolet Trail Blazer from the hotel parking lot to the Richmond Hill Police Department indoor vehicle storage to secure Stucks' vehicle.

Writer's note: ET Wells sealed and photographed the vehicle prior to it being removed from the hotel parking lot.

1243: Detective Chizik and I departed the scene.

1258: I attempted to call Joel Edwards at 912-856-3633. I did not receive an answer and left a voice mail requesting a call back.

Writer's note: Stucks' phone records revealed that he sent a text message to this telephone number which is listed in Richmond Hill, Georgia on 07-12-16, at 11:16 am. The records further revealed that 912-856-3633 responded at 3:10 pm. Stucks then responded again at 3:11 pm.

1500: Detective Silcox obtained a fingerprint from the victim from the Medical Examiner and delivered it to the JSO Identification Unit. The victim was positively identified as Dorelle Davis by Waters #60796. Detective Silcox contacted NCIC and canceled the missing person dispatch for Davis.

1500: After obtaining the truck and trailer, Detective Edwards departed Jacksonville and drove to Savannah, Georgia.

1605: I received a telephone call from Joel Edwards (W/M, 12-03-57). He stated that he received a text message from Stucks yesterday (07-12-16). Mr. Edwards advised that he owns a landscaping company and he had placed an ad for recruiting employees on Craigslist. Mr. Edwards said the message from Stucks stated, "This is Percy. I'm college studen (sic) from out of town seeking immediate work sir. If you have any work please help me. I'm in my 3rd year in school. Just trying to make some money to get home. Do you have any opening sir. I really need the work."

Case No.: 16-2016-CF-6391
Davison: 52*

Dear Mr. Simmons:

Pursuant to our discussion, I conducted a Follow-Up Evaluation Assessment and Examination of Mr. Stucks. When he entered the room he apologized for his previous behavior and we discussed a great deal of issues with regard to his Muslim faith. Clearly there are some contradictions in his presentation.

I was able to conduct a full evaluation of his competence and my opinion is he is Competent to Proceed.

The issue having to do with a Defense of Not Guilty by Reason of Insanity will need continued work and evaluation.

He mentioned there was an interrogation taken where he was high and 'under the influence'. It would be very useful if I could see that interrogation. I do not believe I currently have it. He also states he attempted to commit suicide when the police came to arrest him and he had an explanation for the tampering with evidence. I wonder if there is evidence of that attempt and further what happened to the gun and ammunition.

I am trying to check time frames and he said the woman was in the room deceased for two or three days before the police were notified. I was wondering if that is correct. He was arrested in Georgia, he was found by his cellphone. I wonder if you have an accurate sequence of time of what took place.

STATE OF FLORIDA,

CASE NO.: 2016 CF 6391

v.

PERCY ALLEN STUCKS,
Defendant.

**JUSTICE ADMINISTRATIVE COMMISSION'S RESPONSE TO
MOTION TO INCUR COSTS FOR APPOINTMENT OF EXPERT**

COMES NOW, the Justice Administrative Commission ("JAC"), by and through the undersigned attorney files this response to the above-cited motions as follows:

1. The Defendant is seeking authorization for a defense mental health expert. The Court entered an order on February 4, 2020, authorizing the requested expert but that order did not include the amount authorized or the hourly rate approved for the expert.
2. JAC may only pay for due process costs pursuant to Sections 29.007, 27.40, and 27.5304(2), Florida Statutes.
3. As directed by section 27.425, Florida Statutes, and the General Appropriations Act, all due process services should be subject to the Florida Statutes and the JAC contract, policies and procedures. **JAC objects to any compensation rate in excess of established rates.**
4. Although there is no hourly rate set for forensic experts, the rates recommended by the Indigent Services Advisory Board provide guidance as to reasonable rates. For general experts, the ISAB recommended a rate from \$150 to \$200 per hour. JAC objects to any rate in excess of this rate range.

5. In that the Court has already approved the requested expert, the only issue is the rate and cap for the expert services. JAC would suggest an initial cap of \$2,500 at a rate of \$200 per hour for the services of the expert.
6. If any providers desire direct payment, the JAC's procedures require the vendor to execute the appropriate contract and follow JAC's billing and audit procedures to obtain payment.
7. JAC does not request to participate in any hearing set on this motion. Should the Court desire additional input, JAC may be reached toll-free at (866) 355-7902.

WHEREFORE, the JAC requests this Court, should it grant the Defendant's motion, also include in its order the specific due process services authorized, as well as hourly or per unit rates and maximum fees authorized, and that the provider be paid in accordance with rates, terms and conditions set forth by Florida Statutes, and the JAC contract, policies and procedures.

Re: Bernardo Enrique De La Rionda; RFA No. 21-9114

Dear Mr. Stucks:

Your inquiry concerning the above-referenced attorney has been referred to me for my review.

While I understand that you believe the attorney engaged in prosecutorial misconduct, be advised that The Supreme Court of Florida has ruled that the disciplinary process and proceedings are not to be used as a substitute for court proceedings and remedies. If a court of competent jurisdiction makes findings in your case which suggest misconduct by the attorney or the attorney is prosecuted for any criminal activity, you may re-file your complaint at that time, enclosing the relevant findings.

Consequently, I have closed our record in this matter. Please be advised that my action does not preclude you from consulting with private counsel, nor does it preclude you from exercising any legal remedy which may be available to you. Pursuant to the Bar's records retention schedule, the computer record and file will be disposed of one year from the date of closing.

Re: Tonya Patterson-Barge; RFA No. 20-1738

Dear Mr. Stucks:

This letter is to confirm receipt of your two most recent submission in which you request The Florida Bar to force the prosecutor in the underlying criminal matter to release documents to you as requested. You have submitted the referenced complaint and that was closed as The Florida Bar does not have authority to intervene in the criminal matter as previously described.

Also, as previously described the discipline system is not the correct forum in which to determine whether the assistant state attorney engaged in prosecutorial misconduct. If you obtain an order finding the attorney engaged in prosecutorial misconduct, please provide that to The Florida Bar.

This matter is closed and will remain so until such time as the previously described order is received. Pursuant to the Bar's records retention schedule, the computer record and file will be disposed of one year from the date of closing.

Exhibit # 213

1450: I emailed an exigent request form to T-Mobile, requesting location and phone records for the cell phone of Percy Stucks (suspect).

1500: I called T-Mobile and spoke with Megan, who advised that she will send information in reference to the above phone to my email.

1511: I received the first of numerous emails from T-Mobile. All emails showed that the suspect's phone was stationary, at the Scottish Inn (3888 Highway 17), in Richmond Hills, Georgia.

1555: At the request of Detective Scott, Detective Edwards and I arrived at 2161 Kings Rd. (Dollar General) and conducted an interview of John O'Neal (witness #1). The witness stated that he is a crack cocaine addict and generally buys his drugs from a black male he knows only as "Smoke". The witness stated that "Smoke" sells his drugs from a yellow house, which is next door to this crime scene. The witness stated that he was at the above house on 07-11-16, and overheard "Smoke" speaking with another unknown black male. The witness stated that "Smoke" said that a female was saying that he sold her bad drugs and she was going to report "Smoke" to the Police. The witness stated that "Smoke" then stated that he was going to get the female "fucked up".

1630: I emailed the cell site and verbatim phone records that I received from T-Mobile to C. Rivera (Crime Analysis Unit). I requested that the above information be mapped and an attempt made to identify people that the suspect spoke with.

1800: I received the above information and forwarded it to Detective Edwards for follow-up investigation.

Note: Detective Scott and I travelled to Richmond Hills, Georgia and made contact with the suspect at the Scottish Inn. The suspect agreed to come with Detective Scott and me to the Richmond Hills Police Station and speak with us in reference to this incident.

Note: During the above interview, the suspect invoked his Constitutional Right to an attorney. Detective Scott and I immediately terminated questioning and departed the interview room. At 2336 (07-12-16), the suspect asked to use the restroom. I escorted the suspect to the restroom and then back to the room where he was interviewed. When we returned the suspect asked me if I would sit down and talk to him. I explained to the suspect that he requested to speak with an attorney and that I could not speak with him anymore. The suspect told me that he did not want to look like a monster and again asked if I could sit down and speak with him. I asked the suspect if he wanted to speak without an attorney present and he replied "Yes". I then left the room, advised Detective Scott of the suspect's statements. Moments later, Detective Scott and I returned to the interview room, and again advised the suspect of his Constitutional Rights by a standard rights form. The suspect again stated that he understood and signed the rights form, at which time Detective Scott and I continued the interview in reference to this incident.

Note: This concluded my independent investigative efforts in this case. Refer to Detective Scott's Supplement Report for any further involvement by me in this case.

Police: Jacksonville man charged with murder after girlfriend's body is found in field

JACKSONVILLE, Fla. - A 30-year-old man was transported from a Georgia jail and charged with the murder of his girlfriend by the Jacksonville Sheriff's Office Tuesday, authorities said.

EXhibit#25

2/11/2021 2:21

On July 12, police responded to what they called suspicious circumstances at 1322 Eaverson Street. When police arrived they found what appeared to be bloody foot prints leaving a room that Stucks rented. There were also blood drops at the threshold of the front door, on the front porch and the step leading down from the front porch, the sheriff's office said.

Police obtained a search warrant for the room that Stucks rented and found blood inside the room. The sheriff's office said there were signs that someone had attempted to clean the room after the incident.

Police in Richmond Hills, Ga. located Stucks at a motel off of Highway 17 and took him in for questioning. He was later arrested for tampering with evidence.

Stucks admitted to being in an argument with Davis, his girlfriend, on July 8, police said. The suspect said the argument escalated to the point that he shot the victim in the head, the sheriff's office said. Davis had been living with Stucks, police said.

Stucks claimed he fled to Pensacola until July 10, then returned to Jacksonville to clean the room and dump the victim's body, police said. Officers found her body in a field in the Grand Park area of Jacksonville after Stucks told them where to look.

The Medical Examiner's Office conducted an autopsy and ruled the death as a homicide.

Stucks was transported to Duval County on Tuesday and charged with murder and tampering with evidence.

Police investigate death of woman in Jacksonville's Grand Park area

Posted Jul 16, 2016 at 4:37 PM

The Times-Union

A 39-year-old woman's body was discovered in a home Wednesday by police, the Jacksonville Sheriff's Office said in a news release Friday.

Police are investigating the death of Dorelle Dawn Davis as a homicide.

The Sheriff's Office said they were called Tuesday to a home in the 1300 block of Eaverson Street in the city's Mid-Westside neighborhood regarding "suspicious circumstances."

That led to finding Davis dead a day later on Spring Grove Avenue - about two miles away from her Eaverson Street residence.

Police did not release any other information, but asked anyone with information regarding the investigation to contact the Sheriff's Office.

Jacksonville man arrested in shooting death of girlfriend

Posted Jul 21, 2016 at 10:34 AM

By Dana Treen

dana.treen@jacksonville.com

A Jacksonville man has been arrested in last week's shooting death of his girlfriend.

Percy Allen Stucks Jr., 30, was located in Georgia and is now in the Jacksonville jail charged with murder and evidence tampering in the death of 39-year-old Dorelle Dawn Davis.

The two had been arguing at an Eaverson Street boarding house when Davis was shot in the head July 8, police said. Stucks fled to Pensacola and then was accused of coming back and dumping Davis' body in the 3600 block of Spring Grove Avenue where it was found July 13. He then went to Richmond Hills, Ga., where he was apprehended by police there.

Police were called to the boarding house July 12 when the landlord found what he thought was a blood trail leading from the room Stucks and Davis had been living in for about three weeks.

He told detectives he thought Stucks was out of town. Police found blood and evidence of foul play and said it appeared an effort had been made to clean up the room, said Lt. Steve Gallaher.

Richmond Hill police found Stucks at a Georgia motel after Jacksonville police began a search for him and Davis, Gallaher said.

Detectives who interviewed Stucks said they learned the shooting occurred after he and Davis argued on July 8 about how much time he was spending with her.

They were also told Stucks had gone to Pensacola after she was shot, then returned July 10, where her body was wrapped in a blanket and carpet and taken to Spring Grove Avenue in Stucks' sport-utility vehicle. Stucks then traveled to Georgia where he was taken into custody.

Following an interview with police, Davis' body was discovered early in the morning July 13, Gallaher said.

Exhibit #30

Wednesday/05-30-17/2124: I made contact with Pastor Alphonso Walker, via telephone. Pastor Walker advised that Big Dog was living in the front room at 1322 Eaverson Street at the time of the incident. Pastor Walker further advised that Big Dog's name is James Small. He described Mr. Small as a black male, in his late 30's to early 40's years of age.

Wednesday/05-31-17/0705: I met with CAU and asked them to attempt to identify James Small.

0713: I was notified by CAU that they identified James Small (B/M, 09-19-78).

Thursday/06-01-17/1612: ~~What with Pastor Walker and showed him a photograph of James Small. He identified Mr. Small as "Big Dog" and said he was staying in the first room of the house at the time of the incident. He further stated that 904-450-0850 is the cellular telephone number he has for Mr. Small.~~

For further details of the photograph shown to Pastor Walker, refer to the photograph which has been made a part of the case file.

Friday/06-09-17/1305: I arrived at CFU and picked up the report for the Dell Inspiron laptop computer recovered from Stucks' hotel room.

1420: I reviewed the report and did not locate anything of evidentiary value.

For further details of the computer download, refer to the report which has been made a part of the case file.

Sunday/07-16-17/0922: Detective Chizik and I arrived at 1322 Eaverson Street to attempt to speak with James Small. There, we made contact with Mr. Small. Mr. Small said he observed Stucks cleaning up blood in Stucks bedroom. Mr. Small asked Stucks where all of the blood came from. Mr. Small further said he asked if the blood was hers (Dorothy Davis). Stucks told him that it was her blood.

Mr. Small said he later had a conversation with Stucks and Stucks told him that he shot her in the head one time. Stucks told Mr. Small that they were arguing because she (Davis) wanted to see other people. Stucks told Small that Ms. Davis went off accidentally.

Mr. Small advised that he did not observe Stucks remove the victim from the residence, but he did observe the bloody drag marks and bloody foot prints in the hallway of the residence.

Mr. Small had no further information, so this concluded the interview.
