12. Provide any other information that will help explain why you cannot pay the costs of this case.

The writ of certiorari summarizes the egregious actions by your government agencies, attorneys, and informants in a long line of abuse that would qualify as torture and terrorizing a Citizen. I have been in Federal Court since 2008 seeking redress and damages. Had the court acted in the prior case and opened up blacked out documents this case would have been over in the 2010 time period. I am hopeful the court will address the unconstitutional actions by government agencies and award not just civil damages but also at a minimum APA sanction to those involved in this nefarious affair.

The student loans were required to survive in the early 2000's due to the government agencies antics further delineated in the writ for certiorari. Total of the two over \$334,000. I have a repayment arrangement plan requiring zero payment. Interest still accrues.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge and belief.

Supplemental Statement
To Number 9

The exact amount of the beneficiary share is unknown. Contingent on the court discovery. As an heir to the Natalie A Richards-Thompson Living Trust and the fraudulent events that occurred it is undetermined what amounts will be recovered. The sum total would not significantly impact my financial position.

A Federal Law Suit to be filed in the ongoing case for damages for the egregious actions by government agencies, attorneys, and informants if made whole will put the petitioner in a position to make 3 daughters and two ex-wives whole for the destruction they experienced also. That impacted not only their youth, education, and future endeavors that were limited. The government hiding behind a whisper the prime cause. I deal in the blue sky not skulking around like a criminal.
