

USA vs. Salgado-Rodriguez - Jury Trial - Vol. 2 - 10/20/2020

1                   THE COURT: I like that. I like that. So we'll  
2 tweak for that.

3                   MS. ROGERS: Your Honor, I am not sure it's a pattern  
4 jury instruction, but I think the evidence suggests a  
5 withdrawal from the conspiracy, and I would like an instruction  
6 on that.

7                   THE COURT: Do you have a proposed instruction?

8                   MS. ROGERS: I don't.

9                   MR. MENDOZA: This was in my Motion in Limine  
10 actually --

11                  THE COURT: Hang on a second, Mr. Mendoza.

12                  MR. MENDOZA: I'm sorry.

13                  THE COURT: Ms. Rogers, do you have case law that  
14 would support me putting in that? Because I don't think I  
15 heard evidence of his withdrawal.

16                  MS. ROGERS: The video says he came --

17                  THE COURT: I heard some self-serving excuses, yes, I  
18 did. But, no, that's denied. Unless you have -- you don't  
19 even have a pattern for me to look at or a proposal for me to  
20 look at. So no.

21                  Mr. Mendoza, anything?

22                  MR. MENDOZA: No, Your Honor.

23                  THE COURT: All right. So, Ms. Rogers, you're  
24 happy -- except for that, you're happy with everything else?

25                  MS. ROGERS: Correct.
