04-21-2020 12:23 am	Patient has been refusing medication for numerous days. Patient mental health has been deteriorating for the past couple days. Patient has been talking to himself, appearing very paranoid, and very irritable.		Parks, Shanya	Medical Staff	Mental Health Note
04-29-2020 1:13 pm	LOCKDOWN ROUNDS-10:00A S- This writer met w. cl while conducting rounds on the pod. CL states he needs to see psych asap. CL states he is still hearing voices and would like his meds increased. Staff advised the CL he will need to address his concerns with increasing his medication with Dr. Hindash. CL verbalized understanding. O- CL was standing at the door, more appropriately engaging with staff but was still rude and make unnecessary comments to staff. A- Deferred. P- MH is avail. as needed and will f/u w. cl during rounds accordingly.		Dotson, Rashida	All Staff	Mental Health Note
05-18-2020 9:30 am	Patient came up to infirmary for chest pains. He says he has been having chest pains for three days. Denies any cough or SOB. Denies any fever or chills. Patient is A&Ox4 GCS 15 and in no acute distress. Patient describes the pain as sub-sternal and non-radialing. He says it is made worse with inspiration and movement. The patient's has tenderness to his sternum. Vitals: BP 121/85/Pulse 76/Resp 18/Temp 98.0/O2 97% on RA. Breath sounds clear upon auscultation. 12 lead EKG performed and was unremarkable. Dr. Dalton signed EKG and had no orders for the patient. He was returned to housing unit without incident. Robert Green EMTP		Green, Robert	Medical Staff	Medical Note
05-23-2020 10:33 pm	Seen in the Infirmary after an altercation on the pod with staff. Patient denies injury/pain. Respirations even and unlabored. No acute distress noted. VS 137/88 86 95% 18 98.4. Patient cleared to go back to pod.		Griffith, Shanna	Medical Staff	Medical Note

05-26-2020 2:46 pm	Received report that pt is hoarding pills and has not actually been taking his Depakote. Dr. Hindash advised that this pt previously had issues with compliance initially and gave authorization to change med formulation to liquid dt hoarding behavior. Advised also that it was reported the pt is decompensating and made threats and had violent episode with security this weekend that resulted in him being moved to the pad. Pt threatened to attack security when they next came to assess him and remove his chains. Dr. Hindash gave v/o for emergency prn if other methods of de-escalation does not work. Give the following verbal prn orders: Haldol 5mg PO liquid or or Haldol 5mg IM q 4-6 hrs PRN for agitation/acting out behavior/prevent harm to self or others with failed non-medicinal approaches x 3 days Benadryl 50 mg PO liquid or or Benadryl 5mg IM q 4-6 hrs PRN for agitation/acting out behavior/prevent harm to self or others with failed non-medicinal approaches x 3 days. -TT		Turks, Takiyah	Medical Staff	Mental Health Note
05-27-2020 1:54 am	Patient was acting up in padded cell in infirmary extension 18. Patient was in chain restraint on lower extremity. Patient refused deputies to remove the restraint the whole day. Patient made threat that if they removed the restraint he will hurt someone. Patient has PRN orders and 50 MG Benadryl IM with Haldol 5 MG was administered to right deltoid area at this time. Patient was hesitant in taking medications and deputy had to hold him therapeutically for this. No injury noted or voiced after medication administration. Will continue to monitor for behaviors		Buke, Idris	Medical Staff	Medical Note
05-28-2020 7:57 am	Upon review of chart patient is cleared for Special Housing. They held me down involuntarily for me to take it		Gales, Cathy	Medical Staff	Medical Note
05-29-2020 4:57 am	Patient brought to Infirmary for BP check. 113/78 69 18 99% 93.0. Respirations even and unlabored. No acute distress noted. Educated on importance of medication compliance. Fluids provided/encouraged. Cleared to go back to pod.		Griffith, Shanna	Medical Staff	Medical Note
06-11-2020	LATE ENTRY FROM 6-10-20 LOCKDOWN ROUNDS-10:07A S- This writer met w. cl while conducting rounds on the pod. CL stated he was upset bc he was given a Haldol shot a few days ago and he refused it therefore		Dotson, Rashida	All Staff	Mental Health Note

GAVE the order without a hearing

NO process

at all it arbitrary and

and could kill me

early state they inject me

without me

Being on involuntary status or a hearing and i refused the How shot, and NO due process at all many done like this
