

UNITED STATES SUPREME COURT
WASHINGTON, D.C

LIVERPOOL
-v.-

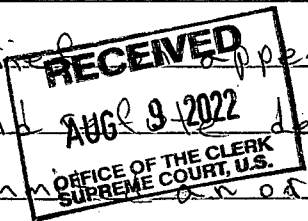

NO: 21-7571

THE CITY OF NEW YORK, et al.

Petition for rehearing

I Anton Liverpool do petition the court to rehear my certiorari. My argument's being that I stated and affirmed in my district court brief exactly what the district court misunderstood me to have not stated and confirm. That being that on oct 15th 2014 at or around IS:77 I had committed no act of concealed hand movement. I also affirm that had it not been for the intervening circumstances and, controlling effect of me not having a copy of said brief to point this out (said statements) due to my indigency and lack of provision from the District Appellate court's my appeal would have clearly pointed out the lower court's error.

With out my (a copy of) district court brief appeal I was unable to point out that I did not have any defences claim of me not denying to have committed an act of any concealed hand movement on oct 15th 2014 near IS:77. Being their ^{were} several allegation's made against me concerning my action's on oct 15th 2014 near IS:77 by defendant's Cleveland et al. I addressed them all as false including the accusation of me having committed concealed hand movement at IS:77

on oct 15th 2014. Insted the district court overlooked such statement's and did not ~~cite~~ them for their invalidation as a whole of defences claim's/accusations of me ever intending to be seen lewdly by any person or persons weather concealed or not/ecth.

Respectfully Yours
