*Dan Dugan, Jenna Yackish, Trevor Voltz, Erik Weeden, and
Sunovion Pharmaceuticals, Inc.*

Respondent(s)

As required by Supreme Court *Rule 44*, I certify that this Petition for Rehearing has been prepared complying with the requirements that the grounds shall be limited to intervening circumstances of a substantial or controlling effect (or other substantial grounds not previously presented.

Whereby, an *intervening decision* of the Supreme Court has *enunciated* fundamental change in judicial administration from well-established, precedent law. **Whereby**, *curative remedy* or *amendment*, upon Rule 12(b)(6) dismissal, and *new and discrete arising evidence*, is no longer a matter of *practice in right to proceed* for claim(s) *due process*; **Wherein**, upholding Lower Court action to *withhold curative remedy, thereto, 'void' new-arising evidence, (subsequent claim(s))*, is fundamental change for *Proper* precedent. **Whereby**, change is beseeched upon Court *prejudice*.

I declare under penalty of perjury that the foregoing is true and correct, presented in good faith and not for delay.
