Re: *PeopleConnect, Inc. v. Callahan*, Nos. 21A230, 21-885

Dear Justice Kagan:

I represent respondents in the above-referenced matter. On December 16, 2021, you requested a response to PeopleConnect's stay application by December 21, 2021, at 3:00pm.

The parties have reached an agreement in which respondents will file an unopposed motion in the district court seeking a stay of the proceedings pending resolution of PeopleConnect's Ninth Circuit appeal of the district court's denial of PeopleConnect's motion to compel arbitration. PeopleConnect is prepared to withdraw its stay application and petition for certiorari if the district court stays the case.

To permit the parties time to execute this agreement, respondents respectfully request a one-week extension on the deadline for their response to the stay application, making the new deadline December 28, 2021, at 3:00pm. PeopleConnect has agreed to respondents' request for a one-week extension of time.

Sincerely,

Kelsi Brown Corkran
