

IN THE SUPREME COURT OF THE UNITED STATES

Case No.

Inserted by Clerk

(Stemming from Ninth Circuit No. 20-17349)  
(D.C. No. 2:08-cr-00045- PHX)

RICHARD ALAN KING,  
Petitioner,

vs.

UNITED STATES OF AMERICA,  
Respondent.

Motion For Enlargement  
Of Time In Which To  
File A Petition For  
A writ Of certiorari

Now comes Petitioner, RICHARD ALAN KING, pro se and moves this honorable court for an enlargement of time of sixty (60) days in which to file his petition for a writ of certiorari, for good grounds that include:

- 1) The Ninth Circuit court of appeals filed its order of denial on February 10, 2022 (Exhibit "A"). However, said order of denial was not mailed to petitioner until March 4, 2022. See exhibits "B" & "C" attached hereto.
- 2) Furthermore, at FCI Schuylkill PA on December 11, 2020 Petitioner was infected with COVID-19. Petitioner was fully vaccinated in February and March of 2021 when the vaccine became available at FCI Schuylkill. However, Petitioner suffers the long term effects of the virus which includes chronic fatigue brain fog and a substantial reduction in heart function.

3) The complications from COVID were so severe that Petitioner was transferred to the Federal Medical Center For Prisoners at Springfield MO on October 7, 2022. There, on January 18, 2022 petitioner suffered a second bout of COVID-19. In March of 2022 doctors at Mercy hospital, Springfield replaced Petitioner's AORTA heart valve. Petitioner remains in long term recovery at the Medical Center for Federal Prisoners.

4) For the grounds stated above, Petitioner respectfully requests a sixty (60) day enlargement of time; that is until July 8, 2022 in which to file his petition for a writ of Certiorari.

Respectfully submitted
