Docket Case No. (None assigned yet)

**MOTION FOR Second Extension of time to file Writ of Certiorari and fee in compliance  
with Rule 33.1 of the U.S. Supreme Court.**

I, Marianne E Burke, request that I be granted 30 more days, until Thursday, May 19, 2022 or 60 days total from the current deadline of March 20, 2022 (which is 90 days from Alaska Supreme Court denial of Petition of Rehearing on December 20, 2021) to file the required Certiorari and fee in Compliance with Rule 13.6 and Rule 33.1.

**BECAUSE:**

1. I was sick for a whole week this last 30 days.
2. My dog had major surgery and had to be watched 24/7, making it very difficult to work on the Certiorari (see surgery paper work attached).
3. This is a monumental task for me in trying to figure out formatting, content, legal argument, etc to complete this by myself!

**I have filed the following documents with this Motion:**

- My *Affidavit and Memorandum* (REQUIRED)
- My proposed *Order* for the Justice to sign (REQUIRED)
- Other: Mem #2: Husband signed document testifying to my illness, Mem #3: Surgery paperwork for dog, Mem #4: Picture of incision (has gotten worse, but I could not get picture to print in time), Mem #5: Final Order 12/20/21From AK Supreme Court.

**AFFIDAVIT and MEMORANDUM  
For Second Extension of time to file Writ of Certiorari and fee in compliance with Rule 33.1  
of the U.S. Supreme Court.**

I, Marianne E Burke, request that I be granted 30 more days, until Thursday, May 19, 2022 or 60 days total from the current deadline of March 20, 2022 (which is 90 days from Alaska Supreme Court denial of Petition of Rehearing on December 20, 2021) to file the required Certiorari and fee in Compliance with Rule 13.6 and Rule 33.1.

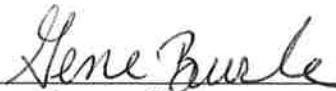

**BECAUSE:**

1. I was sick for a whole week this last 30 days. I don't know what I had, but I didn't have any energy, mental clarity, had a headache, aches and pains. I will rarely see doctors, so attached is my husband testifying to my sickness.

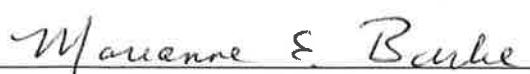

2. My dog had major surgery 2 weeks ago and had to be watched 24/7, making it very difficult for me to work on the Certiorari (see surgery paper work attached). She had a large tumor removed on her abdomen. She is still needing continual care, as some infection developed, so this continues to slow my certiorari progress down. Attached-picture of her wound that is still a little infected and continues to need care.

3. This is a monumental task for me in trying to figure out formatting, content, legal argument, etc to complete this by myself! I am going thru the certiorari page by page to get correct formatting, margins, legal content and a decent legal argument on my own (pro se). I did come up with a good argument, but I see that I need to add more court documents and law sources to substantiate my argument. This will take me more time for research.
