FAYE RENNELL HOBSON v. MERIT SYSTEMS PROTECTION BOARD

No.: 22-5122

MOTION FOR RECONSIDERATION

COMES NOW Petitioner Faye Rennell Hobson (Pro Se) and hereby file this Motion for Reconsideration. On October 3, 2022, Clerk of Court Scott S. Harris mailed the attached two (2) line notice that states “Dear Ms. Hobson: The Court today entered the following order in the above-entitled case: The petition for a writ of certiorari is denied.”

Let-the-Record show, this is the fourth (4th) request for Writ of Certiorari I Petitioner Hobson have filed with this Court and received the same results. However, the Petitioners filings have all been about retaliation and discrimination bestowed upon her and 500 others by the same Federal Government Agency, the Department of Defense Education Activity (“DoDEA”). An Agency with the Department of Defense (DoD).

Let-the-Record further show, in all four filings the Petitioner has NEVER received a reply or response from anyone. As such, the Agency officials continue their retaliatory actions against the Petitioner an applicant with Veteran Preference. The office of the Solicitor General is worthless and always responds with “The Government hereby waives its right to file a response to the petition in this case, unless requested to do so by the Court”. Such is served with No Certificate of Service and as such is not worth the paper written on. However, for the above stated case nothing was received.

The Petitioners first two filed cases were submitted with a requested 40 booklets plus. The third and fourth case were submitted with the requested ten (10) booklets plus. The Petitioner question the requirements of the Supreme Court filings and view file play occurring in the peoples final United States Court for justice. This United States provide no justice, and most cases are NEVER even placed before the Supreme Court Justices for Review.

The Petitioner is aware a Writ of Certiorari submission is truly not a right, but what is a right is to have the nine justices determine such a right. If fewer than four justices have determined that a sitting Federal Judges Bias and Judicial Interference, Violations of FMLA, Violations of Disability Acts and Violations of Veterans Preference all in which this Court has set the standards for is not worthy of review, our United States Judicial System is worse than most think.

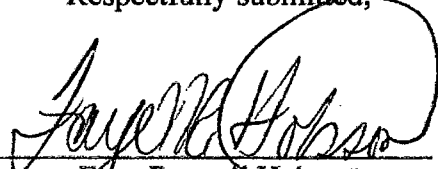

Laws should be applied uniformly in the United States of America Courts. If decisions in lower courts conflict, then the Supreme Court should review the case. Such has not occurred with the Petitioners four (4) cases. Everyday a minority is filing a Complaint against the Department of Defense Education Activity (DoDEA) with MSPB, OSC, EEO, EEOC, NLRB, FLRB and in Civil Courts throughout the United States and Abroad. Such actions will continue because Agency Officials are aware nothing will be done about it. There is no justice in such unjust actions and I Petitioner Hobson pray that one day I will be heard.

DoDEA stateside schools were designed to benefit minority families affected by racism in Southern states, such schools have never served desired purpose. DoDEA schools on Fort Campbell Army Base openly use the word "NIGGER" and there are no consequences for such racist actions even though CONGRESS has deemed the word a "FIGHTING WORD" associated with "HATE".

DoDEA have a White Assistance Principal working with People of African Descent that has openly stated and written books about how much he hates "BLACK" and make statements such as if you want to commit a crime or murder, do it and blame it on a "BLACK" person, easy escape. This is a White man that took a gun and ammunition to Japan. Left the gun in his living quarters and ammunition in a classroom desk. To continue to ignore the Petitioners filings is to say the United States of America Supreme Court Justices agree that such is of the norm in America and there's nothing wrong with this picture.

In closing, for all the reasons noted within the Petitioners filings, the above case should be presented to the nine justice and reconsidered.

Respectfully submitted,

Faye Rennell Hobson
